

Navy Medicine: Key Messages

- Navy Medicine is in the **readiness** business. Keeping Sailors and Marines healthy and fit to fight at home and abroad is our first priority.
- Navy Medicine is always ready to deploy **in support of the warfighter**.
- Navy Medicine brings **value** to everything we do.
- Navy Medicine works with our sister Services in **joint** health care environments while honoring our naval tradition.
- Navy Medicine's role in **humanitarian assistance and disaster relief** strategically enables the U.S. Navy as a "Global Force for Good."
- Navy Medicine **research and development** makes our military, the United States and the world safer and stronger.
