

# Health Education Classes June

*Monday*

*Tuesday*

*Wednesday*

*Thursday*

*Friday*

**Men's Health Month**

Waist size is a better predictor of heart disease risk than your weight or BMI. Men are more likely to gain weight around their mid-section due to higher levels of testosterone. Fat around the waist increases the risk for heart disease and diabetes, a measurement of 40 inches or more significantly increasing your risk. Taking even 1 inch off your waist can lower your heart health risk. Take steps to take charge of your health so that you can prevent negative health outcomes.

- **Budgeting for Baby:** This class is sponsored by the Navy-Marine Corps Relief Society. Financial counselors discuss budgeting basics and help you prepare for the financial aspects of parenthood. Receive a free junior seabag after attending. For more information or to register for class, contact NMCRS at 257-2728.
- **Childbirth Education:** A series of 4 classes to help you understand the birthing process, medical interventions associated with birth, and comfort measures. Postpartum care, newborn care/safety, and breastfeeding basics are also discussed. For more information contact the Childbirth Educator at 257-9436.
- **Tobacco Cessation Class:** Ready to quit? We can help. During the 1 hour discussion the Health Promotion staff will assist you in developing your quit plan: selecting a quit day, determining a quit method, developing your support team, and making lifestyle and environmental changes that will support your cessation efforts. The class is open to active duty, retirees, family members, and civilian personnel. Contact Health Promotion at 257-9892 for more information or to register for the next class. Individual sessions are also available. The Tobacco Clinic is located in R-53, modular across from the main hospital.
- **Nutrition 101:** An interactive class to kick off your personal plan for long lasting weight management. Learn basic nutrition skills and methods for incorporating physical activity into your day. Meets Navy FEP requirements. Class is offered monthly and is open to active duty, retirees, and family members. To register for the next class contact PSMAC at 1-800-404-4506.
- **Ship Shape:** A multi-dimensional program for Active Duty Personnel, Adult Family Members, Retirees and DoD Civilians which focuses on nutrition education, physical fitness, and behavior modification in support of a healthier body composition and lifestyle. The class meets for 8 weeks. For more information or to register, contact your CFL and/or the Dietician at 257-9590.
- **Diabetes Wellness:** Designed for further education following initial visit with the Diabetes Nurse Educator and Dietician. Your Diabetic Team includes Internist, Pharmacist, Nurse Diabetes Educator, Dietician and Fitness Specialist. Biannual classes held in R80, modular across from the Naval Hospital. The next class series is scheduled for October. For more information or to register, contact 257-5106.
- **Meditation Group:** A weekly group where you will learn and practice mindfulness skills. These skills are designed to reduce stress, reduce suffering (physical and emotional) and promote relaxation. The techniques work best if you are curious, interested in or familiar with mindfulness approaches and breathing meditation, are open minded and looking for a “kinder-gentler approach”. The group is open to all: military personnel, family members, and civilian staff. For more information call 257-9484.
- **Men’s and Women’s Group:** Weekly discussion groups for education and support. The Women’s Group meets on Wednesday 1300-1400; the Men’s Group meets on Thursday 1030-1200 in Bldg R52, located across from the hospital. For more information or to sign up for this group, contact 257-9484.
- **Sexual Trauma PTSD Group:** Weekly discussion group for education and support. For more information or to sign up for this group, contact 257-9484.
- **Deployment PTSD Group:** Weekly discussion group for education and support. For more information or to sign up for this group, contact 257-9484.
- **Moving Forward:** A “life skills” training program that teaches participants problem-solving skills to enhance transitions and/or overcome stressful difficulties in life. Focus is on enhancing recovery and resilience skills, improving overall quality of life, and preventing clinical levels of pathology. This class is taught in four 1-hr classes, Fridays at 1300, a new class will start the first Friday of each month. Participants do not have to be current Mental Health Clients to participate, but do have to pre-register and complete pre-test assessment. Formal referral is not necessary, and this can be scheduled over the phone or in person. Due to the nature of the class, no children please. Preregistration required, contact 257-9484 to sign up.
- **Couples Communication:** Identify blocks to communication, create processes to resolve conflict, and improve lines of communication. For more information or to register for the next class contact Fleet and Family Support at 257-6289.
- **Stress and Anger Management:** Definitions, origins and physiologic effects of stress and anger, develop effective management techniques. For more information or to register for the next class contact Fleet and Family Support at 257-6289.
- **Positive Parenting:** Focus on “natural and logical consequences” vice reward/punishment as a means of discipline. Two class series: Wed and Thurs 0900-1600. For more information or to register for the next class contact Fleet and Family Support at 257-6289.
