

NAVY MEDICINE

WORLD-CLASS CARE... ANYTIME, ANYWHERE

Greetings and Welcome Aboard!

It is a pleasure to welcome you and your family to the Bureau of Medicine and Surgery.

My name is Tawsha Burkhart and I am your Command Family Ombudsman. As your Ombudsman, it is my job to serve as a liaison between the command and our Navy Families. I am here to provide you with official and accurate command information, as well as provide any resources or referrals you may need. I am available to assist you with emergency and routine requests.

I would like to tell you a little about myself. I have been a Navy spouse for 7 years and the Navy has sent my family to Washington State, California, and now our current home, Washington D.C. My husband and I have two children. Both are in elementary. Our daughter will start Middle School this year. We have truly enjoyed the many adventures the Navy has afforded us. I am a stay at home parent. One of my goals is, going to college to become a Veterinarian assistant.

To facilitate communication between the command and our Navy families, BUMED uses a closed Facebook group page to connect with you. The page can be found at the following address:

<https://www.facebook.com/group/709200932449751/>

Please visit our Command OMBUDSMAN page to find command information, ask questions you may have, or connect with members in the command and find out about upcoming events in the area. Because this is a closed Facebook page, you must request access to site via the page. Though we are a shore command, we still must be cognizant of operational security. Any post that violates operational security will be deleted.

You may contact me by phone between the hours of 9am-9pm, 7 days a week. In the event of an emergency contact me any time. My contact information is listed below. I look forward to meeting and working with your family.

Thank you,

Tawsha Burkhart
