STATEMENT OF WORK

The use of “Commanding Officer” throughout this Statement of Work means: Commanding Officer, Naval Dental Center, Okinawa, Japan or Command Representative, e.g. Command Representative, Department Head.

1. PERSONAL SERVICES CONTRACTS (PSCS) FOR HEALTH CARE PROVIDERS (HCPS)

1.1 The contract is a personal services contract and the contract is intended to create an employer-employee relationship between the Government and the individual HCPs.

1.2 The performance of the individual HCPs under the PSC is subject to day-to-day supervision and control by healthcare facility personnel comparable to that exercised over military and civil HCPs engaged in comparable work.

1.3 Any personal injury claims alleging negligence by the individual HCPs within the scope of the HCP’s performance of the PSC shall be processed by DoD as claims alleging negligence by DoD military or civil service HCPs.

1.4 The PSC does not create an employer-employee relationship between Government and any corporation, partnership, business association or other party or legal entity with which the individual HCPs may be associated.

2. STATEMENT OF WORK

2.1 The health care worker shall provide, in accordance with this statement of work, comprehensive Dental Assistant services at 3D Dental Battalion/U.S. Naval Dental Center (NDC), Okinawa.

The term "supervision and control" is defined as that process by which the health care worker receives technical guidance, direction and approval with regard to an element of work or a series of tasks within the requirements of this contract.

3.2 It is the intent of the parties that this personal services contract creates an employer-employee relationship between the Navy and the health care worker. (iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [___] Are, [___] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [___] Have, [___] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) [___] Are, [___] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [___] Have, [___] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

- (a) Except as otherwise provided in this contract any disagreement arising under this contract which is not resolved by the parties to this contract may be submitted to the US-Japan Joint Committee for conciliation in accordance with paragraph 10, Article XVIII, of the Status of Forces Agreement under Article VI of the Treaty of Mutual Cooperation and Security between Japan and the United States of America. Request by the Contractor for conciliation shall be made in accordance with the procedures provided herein.
- (b) In the event the Contractor desires conciliation after the decision of the Contracting Officer has been served upon him, he will first file his appeal from such findings of fact within the time limits described therein before filing request for conciliation with the Joint Committee and then request for appellate authority under the clause of this contract entitled Disputes to suspend its action on his appeal until such time as the Joint Committee has had an opportunity for effecting conciliation.
- (c) The request for conciliation will be submitted by the Contractor through the nearest local Japanese Defense Facilities Administration Bureau to the Contract Conciliation Panel of the Joint Committee. Upon the filing of the request with the Joint Committee, the Contractor will immediately notify the Contracting Officer in writing that the request for conciliation has been filed.
- (d) In the event the disagreement submitted to the Joint Committee under subparagraph (b) above has been resolved through conciliation, it will be the responsibility of the Contractor to notify the appellate authority designated in the clause of this contract, entitled Disputes, of the settlement of the dispute and to withdraw his appeal.

- (e) In the event the Contractor who has submitted a request for conciliation to the Joint Committee under subparagraph (b) above desires, notwithstanding the pending request for conciliation, that action by the appropriate authority under the clause of this contract entitled Disputes be resumed on his appeal, it is his responsibility to so request the said authority in writing. The Joint Committee shall be immediately informed by the Contractor of his action taken hereunder.
- (f) No request for conciliation can be submitted to the Joint Committee in the case of a dispute upon which the final decision of the appropriate authority under the clause of this contract entitled Disputes has been rendered. Pending the hearing of conciliation panel the Contractor shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision. The provisions of this clause shall not prejudice any right which the parties to the contract may have to file a civil suit.

SPECIAL CONTRACT REQUIREMENTS

HEALTHCARE WORKER BACKGROUND INVESTIGATION REQUIREMENTS

- (a) **Healthcare Worker Requirements:** Within 30 days after contract award, the healthcare worker shall provide all reasonable and necessary assistance to the Government to facilitate and complete the background investigation. To initiate the process for a background investigation, the healthcare worker shall report to the Contracting Officer's Representative (COR) for specific MTF processing instructions, complete the appropriate portion of the SF 86, and obtain fingerprints for submittal to the Office of Personnel Management (OPM). Healthcare workers who have previously received a background check must provide proof of the check or obtain a new one.
- (b) **Government Responsibilities:** The Government will conduct criminal background checks on all healthcare workers providing child care services under this contract based on fingerprints obtained by a Government law enforcement office (e.g., local, state, federal, etc.) and a completed SF 86 form (Questionnaire for Public Trust Positions). The Technical Liaison will identify the appropriate DoD Component for billing purposes and the appropriate security point of contact and/or installation commander who will receive the background results.
- (c) **Miscellaneous Provisions:** The Healthcare worker has the right to obtain a copy of any background check pertaining to them and to challenge the accuracy and completeness of the information contained in the report. A background check that provides adverse information that is unable to be mitigated or resolved and ultimately prevents the healthcare worker from performing contract duties will result in contract termination. With written recommendation from the Commander, and the approval of the Contracting Officer, a healthcare worker with a background investigation pending completion may be permitted to perform work under this contract prior to the completion of the background check, provided the healthcare worker is within sight and continuous supervision of an individual with a successful background check.
- (d) Unless HCW have a current security clearance, prospective employees shall be required to complete the Tier-3 level Background Investigation, which includes a Local Background Records Check, SF-86 Security Questionnaire (via E-QIP), and finger prints obtained upon arrival. ****If the final adjudication is found unfavorable, CAC card will be revoked and access to IT systems shall be terminated immediately**.**

CRIME CONTROL ACT OF 1990 REQUIREMENT

- (a) Section 21 of the Crime Control Act of 1990, 42 U.S.C. 13041, as amended by section 1094 of Public Law 102-190, requires every facility operated by the Federal Government (or operated under contract with the Federal Government) that hires (or contracts to hire) individuals involved in the provision of child care services to assure that all existing and newly hired employees undergo a criminal background check. The term "child care services" is defined to include health and mental health care.
- (b) The Government will conduct criminal background checks on the Contractor providing child care services under this contract based on fingerprints of the Contractor obtained by a Government law enforcement officer and inquiries conducted through the Federal Bureau of Investigation (FBI) and State criminal history repositories.**
- (c) Within 30 days after contract award, the Contractor shall provide all reasonable and necessary assistance to the Government, including compliance with the employment application requirements set forth in 42 U.S.C. 1304(d). Upon receipt of the results of a background check, the Contractor further agrees to undertake a personnel action in accordance with 42 U.S.C. 1304(c), when appropriate.

(d) The Contractor shall have the right to obtain a copy of any background check pertaining to itself and to challenge the accuracy and completeness of the information contained in the report.

INFORMATION TECHNOLOGY/SENSITIVE INFORMATION SECURITY REQUIREMENTS

(a) Contractor personnel shall meet the personnel security requirements for Sensitive and Information Technology (IT) positions outlined in Secretary of Navy (SECNAV) Manual M-5510.30 and SECNAV Instruction 5510.30 (most current version). Department of Navy (DON) IT positions include any position in which the incumbent has access to DON IT systems and/or performs IT-related duties with varying degrees of independence, privilege and/or ability to access and/or impact sensitive data and information. Use of CHCS and/or AHLTA is illustrative examples of such systems where security requirements apply.

(b) The same level of trustworthiness is required for contractor personnel as is required for Government personnel requiring similar access to and/or processing of proprietary data, information requiring protection under the Privacy Act of 1974, sensitive information, and Government-developed privileged information involving award of contracts; including user level access to DON or DOD networks and information systems, system security and network defense systems, or to system resources providing visual access and/or ability to input, delete or otherwise manipulate sensitive information without controls to identify and deny sensitive information. As such positions filled under this contract are designated as Non-Critical Sensitive (NCS), and IT-II.

(c) U.S. citizenship is a basic condition for assignment to a designated sensitive IT position. U.S. citizens who are also dual citizens are not specifically excluded from occupying either sensitive or designated IT positions, however, a dual citizenship status raises foreign influence and foreign preference concerns that will most likely prohibit interim assignment pending favorable investigation and adjudication of these issues. Eligibility will not be established for persons who hold a foreign passport. The U.S. citizen reference in the aforementioned regulation(s) make no distinction between those who are U.S. citizens by birth, those who are U.S. nationals, and those who have derived U.S. citizenship or those who acquired it through naturalization. Additional information on U.S. citizenship requirements is contained within SECNAV Manual M-5110.30 and SECNAV Instruction 5510.30. MTF security personnel must validate citizenship of individuals before submitting initial personnel security investigation requests.

(d) The investigative basis for assignment to a designated NCS/IT-II position is a favorably completed and adjudicated National Agency Check with Local Agency and Credit Checks (NACLIC) for contractor employees.

(e) Personnel background investigations and training must be initiated and interim approval/temporary access be granted before access to DOD and DON IT systems/networks or DOD and DON sensitive information is allowed.

(f) Contractor personnel shall report to the COR to receive MTF specific processing instructions to complete the appropriate personnel security questionnaire, complete and submit the appropriate paperwork for the background investigation or provide proof of a favorable adjudication, and receive requisite training. A copy of the temporary access approval shall be provided to the COR upon receipt by the contract employee.

(g) The Navy manual and instruction referenced in paragraph 1.2.1 leave open the possibility of a waiver to the policies described herein. See M-5510.30, Chapter 1-10. However, neither the contracting officer nor the Commanding Officer of the MTF is authorized to grant such a waiver. All waiver requests must be forwarded to, and approved by, the Chief of Naval Operations (N09N2). In the event that the contractor wishes to pursue this course of action, it shall contact the COR of the MTF for the proper administrative procedures. The Commanding Officer of the MTF, or designee, shall decide if an individual waiver request will be submitted to the CNO. The mutual understanding of the parties is that waiver requests are rarely, if ever, granted, and further that delays in the processing of, or the failure of the Navy to act favorably on, such a request does not excuse the contractor from performance under this contract.

PHYSICAL EXAMINATION CERTIFICATE

- (a) The health care worker shall obtain, at Contractor expense, a statement from the health care worker's physician or a report of a physical examination within 60 days prior to contract start indicating that the health care worker is free from mental or physical impairments which would restrict the health care worker from providing the services described herein. The statement must contain, as a minimum, the information described in Attachment (2) in Section J.
- (b) Except as provided in c, below, no medical tests or procedures required by the contract may be performed at the MTF. Expenses for all required tests and/or procedures shall be borne by the health care worker at no additional expense to the Government.
- (c) Further, the health care worker shall agree to undergo personal health examinations and such other medical and dental examinations at any time during the term of this contract, as the Commanding Officer may deem necessary for preventive medicine, quality assurance, or privileging purposes. These examinations will be provided by the Government. If the health care worker chooses, these examinations may be provided by the private physician or dentist at no expense to the Government.
- (d) Prior to the commencement of performance under this contract, the Technical Liaison shall direct the health care worker to inprocess through standard facility procedures. Health care workers who have patient contact must show immunity to Measles, Mumps and Rubella (MMR) through Serological testing which shows zero-positivity to MMR or proof of vaccination (persons born prior to 1957 must have received one dose of MMR vaccine, persons born in 1957 or later must have received two doses of MMR vaccine). The health care worker shall provide evidence of varicella immune status or a statement of history of chicken pox. Additionally, health care workers must provide a current Purified Protein Derivative (PPD) reading, or evaluation if known PPD reactor, on an annual basis. The health care worker is responsible for any expenses incurred for required testing.
- (e) The health care worker shall participate in the Command's Bloodborne Pathogen Program orientation as scheduled by the Senior Medical Department Representative. The health care worker shall also participate in annual training and training for new procedures with the potential for occupational exposure to bloodborne pathogens. Health care worker(s) involved in an exposure incident shall follow MTF regulations and procedures.
- (f) Management of HIV positive health care worker shall be consistent with current Centers for Disease Control (CDC) guidelines and Section 503 of the Rehabilitation Act (29 U.S.C. Section 793) and its implementing regulations (41 CFR Part 60-741).
- (g) The health care worker shall comply with the CDC's "Universal Precautions" for prevention of the transmission of HIV during all procedures.
- (h) The health care worker shall become acquainted with and obey all station regulations, shall perform in a manner to preclude the waste of utilities, and shall not use Government telephones for personal business. All motor vehicles operated on these installations by the health care worker shall be registered with the base security service according to applicable directives. Eating by the health care worker is prohibited in patient care areas and is restricted to designated areas. Smoking is prohibited in all clinic facilities.
- (i) All financial, statistical, personnel, and technical data which is furnished, produced or otherwise available to the health care worker during the performance of this contract are considered confidential business information and shall not be used for purposes other than performance of work under this contract. Such data shall not be released by the health care worker without prior written consent of the Technical Liaison. Any presentation of any statistical or analytical materials, or any reports based on information obtained from studies covered by this contract, will be subject to review and approval by the Technical Liaison before publication or dissemination.
- (j) The Secretary of the Navy has determined that the illegal possession or use of drugs and paraphernalia in a military setting contributes directly to military drug abuse and undermines Command efforts to eliminate drug abuse amount military personnel. The policy of the Department of the Navy (including the Marine Corps) is to deter and detect drug offenses on military installations. Measures to be taken to identify drug offenses on military installations, and to prevent introduction of illegal drugs and paraphernalia, include routine random inspection of vehicles while

entering or leaving with drug detection dogs when available, and random inspection of personal possessions on entry or exit if there is probable cause to believe that a health care worker has been engaged in use, possession, or trafficking of drugs, the health care worker may be detained for a limited period of time until he or she can be removed from the installation or turned over to local law enforcement personnel having jurisdiction. When illegal drugs are discovered in the course of an inspection or search of a vehicle operated by the health care worker, the health care worker and vehicle may be detained for a reasonable period of time necessary to surrender the individual and vehicle to appropriate civil law enforcement personnel. Action may be taken to suspend, revoke, or deny installation driving privileges. Implicit with the acceptance of this contract is the agreement by the health care worker to comply with all Federal and State laws as well as regulations issued by the Commander of the military installation concerning illegal drugs and paraphernalia.

(c) Automobile liability - Automobile liability insurance written on the comprehensive form of policy. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

(a) The Governments of the United States and Japan have agreed that this contract is exempt from the Japanese Consumption Tax. In accordance with paragraph (c) of the clause FAR 52.229-6, "TAXES -- FOREIGN FIXED-PRICE CONTRACTS (FEB 2013)," the offerors or quoters shall not include the Consumption Tax (including underlying taxes) in their proposal or quotations. By submission of your proposal or quotation, you are certifying that your proposal or quotation does not contain any such tax. The following U.S. Government (USG) proof of purchase forms shall be used to claim the exemption at tax offices:

(b) In the case of gasoline and other petroleum products, the Contractor shall be responsible for making every reasonable effort to determine the accuracy of his figures on consumption. In this regard, the Contractor shall, upon request of the Contracting Officer, present all available data used by the Contractor as the basis for determining such figures. The Contractor shall be required to maintain adequate records containing all pertinent information with regard to the above requirements. Further, these records shall be subject to review by the Contracting Officer at any time up to three years from the date of final payment under this contract.

EVALUATION

EVALUATION SHALL BE MADE IN ACCORDANCE WITH DFARS 237.104 (b)(ii) BELOW.

- (ii) Personal services contracts for health care are authorized by 10 U.S.C. 1091.
 - (A) This authority may be used to acquire—
 - (1) Direct health care services provided in medical treatment facilities;
 - (2) Health care services at locations outside of medical treatment facilities (such as the provision of medical screening examinations at military entrance processing stations); and
 - (3) Services of clinical counselors, family advocacy program staff, and victim's services representatives to members of the Armed Forces and covered beneficiaries who require such services, provided in medical treatment facilities or elsewhere. Persons with whom a personal services contract may be entered into under this authority include clinical social workers, psychologists, psychiatrists, and other comparable professionals who have advanced degrees in counseling or related academic disciplines and who meet all requirements for State licensure and board certification requirements, if any, within their fields of specialization.
 - (B) Sources for personal services contracts with individuals under the authority of 10 U.S.C. 1091 shall be selected through the procedures in this section. These procedures do not apply to contracts awarded to business entities other than individuals. Selections made using the procedures in this section are exempt by statute from FAR Part 6 competition requirements (see 206.001(b)).
 - (C) Approval requirements for—
 - (1) Direct health care personal services contracts (see paragraphs (b)(ii)(A)(1) and (2) of this section) and a pay cap are in DoDI 6025.5, Personal Services Contracts for Health Care Providers.
 - (i) A request to enter into a personal services contract for direct health care services must be approved by the commander of the medical/dental treatment facility where the services will be performed.
 - (ii) A request to enter into a personal services contract for a location outside of a medical treatment facility must be approved by the chief of the medical facility who is responsible for the area in which the services will be performed.
 - (2) Services of clinical counselors, family advocacy program staff, and victim's services representatives (see paragraph (b)(ii)(A)(3) of this section), shall be in accordance with agency procedures.

- (D) The contracting officer must ensure that the requiring activity provides a copy of the approval with the purchase request.
- (E) The contracting officer must provide adequate advance notice of contracting opportunities to individuals residing in the area of the facility. The notice must include the qualification criteria against which individuals responding will be evaluated. The contracting officer shall solicit applicants through at least one local publication which serves the area of the facility. Acquisitions under this section for personal service contracts are exempt from the posting and synopsis requirements of FAR Part 5.
- (F) The contracting officer shall provide the qualifications of individuals responding to the notice to the commander of the facility for evaluation and ranking in accordance with agency procedures. Individuals must be considered solely on the basis of the professional qualifications established for the particular personal services being acquired and the Government's estimate of reasonable rates, fees, or other costs. The commander of the facility shall provide the contracting officer with rationale for the ranking of individuals, consistent with the required qualifications.
- (G) Upon receipt from the facility of the ranked listing of applicants, the contracting officer shall either—
- (1) Enter into negotiations with the highest ranked applicant. If a mutually satisfactory contract cannot be negotiated, the contracting officer shall terminate negotiations with the highest ranked applicant and enter into negotiations with the next highest.
 - (2) Enter into negotiations with all qualified applicants and select on the basis of qualifications and rates, fees, or other costs.
- (H) In the event only one individual responds to an advertised requirement, the contracting officer is authorized to negotiate the contract award. In this case, the individual must still meet the minimum qualifications of the requirement and the contracting officer must be able to make a determination that the price is fair and reasonable.
- (I) If a fair and reasonable price cannot be obtained from a qualified individual, the requirement should be canceled and acquired using procedures other than those set forth in this section.
