

Naval Hospital Camp Pendleton Is Moving To Our New Facility December 2nd - 15th

Important Move Dates & New Details About Replacement Naval Hospital Camp Pendleton

The new 500,000 SF hospital will feature 42 inpatient beds, 9 operating rooms, and the same assortment of outpatient, dental and oral/maxillofacial surgery, and medical specialty clinic services that are provided at the current hospital.

The replacement hospital will feature twice the parking and pharmacy windows as H100, in addition to direct access and drive-up to the emergency room. A pedestrian bridge will conveniently connect the hospital's 2nd floor with the parking garage.

Finding Your Way Around The New Hospital

The replacement hospital will feature digital wayfinding kiosks. These kiosks contain detailed facility maps and will assist patients and their families to orient themselves within the hospital. The wayfinding signage is based on the natural coastal elements of ocean, earth, sun, and sky.

Replacement NHCP Floor Layout

Helpful Hints For The Naval Hospital Camp Pendleton Transition

- ✓ Equipment and Staff Training will take place from September 23rd to November 1st. Please note that the new hospital will not be open to the public during this time. Please make sure to attend your regularly scheduled appointments at H100 until after the move.
- ✓ If you have any questions about the location of your appointment, please call ahead.
- ✓ Please call the NHCP information line with any transition related questions: 760-719-3290.
- ✓ Please check <http://cpen.med.navy.mil> and <https://www.facebook.com/NavalHospitalCampPendleton> for ongoing transition updates.
- ✓ Please be aware of your surroundings during the move. There will be a lot of exciting changes taking place at NHCP in the upcoming months and as always, patient and staff safety are our top priority. Thank you for your patience during our time of transition.
