## HISTORY OF NAVAL HOSPITAL CAMP PENDLETON

In March 1942, the Secretary of the Navy approved the purchase of Santa Margarita Ranch to be used as a Marine Corps Training Center. Marine Corps Base, Camp Pendleton is the Corps largest amphibious training base, occupying over 125,000 acres. The base is surrounded by the cities of San Clemente to the north, Oceanside to the south and Fallbrook to the east.

In 1942, Naval Hospital, Santa Margarita was built on the western shore of Lake O'Neill. The hospital served as the regional medical center for active duty personnel onboard Camp Pendleton. The original hospital consisted of 86 temporary, wood frame buildings, with a bed capacity of 600. The buildings were connected by a network of corridors, forming an H-Shaped complex. Distances between buildings were so great that Doctors, Nurses, and Corpsmen utilized bicycles to make rounds.

In August 1967, the Commandant of the Marine Corps authorized 90 acres of land to be utilized for the construction of a new, modern hospital complex. In May 1971, ground was broken and construction of the new hospital began. The first building to be completed and occupied in the complex was the Bachelor Enlisted Quarters (BEQ). The BEQ was named after HM2 Ray Hall. HM2 Hall was a Medal of Honor recipient who died protecting his patient from a grenade blast in Vietnam.

On December 16, 1974, Naval Regional Medical Center, Camp Pendleton was dedicated & received its first patient. The old hospital was subsequently demolished after serving for more than 30 years. Naval Hospital Camp Pendleton is a medium-sized treatment facility consisting of eight floors in height with a sunken ground level. The hospital has the capacity to expand to approximately 118 beds in a contingency setting. The hospital is fully accredited by The Joint Commission on Accreditation of Healthcare Organizations (JC) and is a member of Tricare.

On March 19, 2009, construction of a new Navy hospital for Marine Corps Base Camp Pendleton was approved by the American Recovery and Reinvestment Act (ARRA) of 2009. The replacement of Naval Hospital Camp Pendleton was the largest American Recovery and Reinvestment Act project in the Department of the Navy. The replacement hospital is a 500,000-square-foot, four story building which started seeing patients during a two week transition from December 2-15, 2013. A Dedication/Ribbon Cutting Ceremony was held January 31, 2014 to officially open the facility.

The new multi-story replacement Naval Hospital is located on the South Mesa portion of the base in the vicinity of the Oceanside gate, Commissary and Exchange complex to allow easy access for patients. It provides the latest in inpatient and outpatient technology, and has the ability to remain fully operational after an earthquake.

### **Rental and Housing Options**

#### *-Government Housing*

Nearly 6,880 housing units are available for Camp Pendleton personnel. You may contact the Camp Pendleton Family Housing Office at (760)725-5995, DSN 365-5995 or e-mail [pndfamilyhousing@usmc.mil](mailto:pndfamilyhousing@usmc.mil) to receive more information in regards to the government housing. Waiting periods range from 1-16 months and may vary according to rank, family size and area requirements. Normally, personnel who wish to live in off- base housing will be permitted to do so. Service members enrolled in the Exceptional Family Member Program (EFMP) requesting priority housing are encouraged to contact the housing office. Per the MCO 1754.4A, all service members who have assigned category IV or V based on the needs of their exceptional family member are provided priority housing.

#### *-Non-government Housing*

The *Housing Referral Office (HRO)* is your contact for any problems you may encounter such as discrimination complaints, tenant/landlord disputes, or any questions or problems that pertains to off-base housing. They can also provide you a list of rentals with corresponding locator maps and give you information regarding the communities in which the rentals are located. All renters should carry renters insurance against fire, theft and other damages. The property owner's insurance will cover the property but not the renters' personal property. Also, you should ask about the Rental Partnership Program if planning to rent an apartment. Phone: (760)725-5995.

*-DoD Automated Housing Referral Network (AHRN) – Visit [www.ahrn.com](http://www.ahrn.com) or ask your local housing office to learn about this DoD program that is currently available for most installations.*

The program allows military members and families to:

- Search listings and pictures of available rentals near military installations

- Find out about shared rentals

- List their own properties for rent to other military families

- List their homes for sale by owner (FSBO) to other military members

- Contact installation housing offices

#### *-Rental/Purchase Options*

Unfurnished apartments in the surrounding cities average \$850-\$1100 for a one- bedroom unit, \$1250-\$1400 for a two-bedroom unit, and \$1350 plus above for a 3- bedroom place. Security deposits often equal one month's rent. Individual family home rentals average \$1700-\$2500 per month. A recent survey has revealed that the average cost of a single family home in San Diego County ranges from \$500,000- \$750,000.

### **Household Goods**

#### *-Arranging Household Goods Shipments*

Set up an appointment with your transportation office as soon as you have a copy of your PCS orders. The earlier you call or visit your transportation office, the greater your chances of moving on the date you desire. The counselors will explain all your PCS move entitlements in detail. Your first decision is whether to have the government move you or whether to move yourself. There are pros and cons to each type of move. Your counselor will answer all of your questions. If you choose a government move, they will book your shipment and let you know the exact dates the movers will come. If you choose to move yourself, the counselor can assist with recommendation and tips how to do a personal move.

#### *-Delivery of Household Goods Shipment*

It is your responsibility to contact the transportation office as soon as you arrive at your new duty station. Let them know how you can be contacted, phone, mobile phone and e-mail. If you

already have new quarters, they will help arrange delivery of your personal property shipments.

Otherwise they will arrange for temporary storage until you have permanent housing.

### **Household Goods – Shipping Pets**

#### ***Pet Vaccinations***

The California Department of Health Services requires all dogs over four months old to have a certificate of current rabies vaccination stating the type, manufacturer and lot number of rabies vaccine used and date of administration. All cities and counties in California have dog control ordinances. It is strongly recommended that cats be rabies immunized, especially if they have access to outdoors. Cats, pet birds and pet rabbits must be healthy on admittance into the state. Parakeets may not be brought into the state for the purpose of sale. Pet ferrets are prohibited in California.

#### ***Prohibited Dog Breeds***

Pit Bulls, Rottweiler's, candid/wolf hybrids, or any canine breed with dominant traits of aggression present an unreasonable risk to the health and safety of personnel in family housing areas. Consequently, full or mixed breeds of Pit Bulls, Rottweiler's and candid/wolf hybrids are prohibited aboard Marine Corps installations. In the absence of formal breed identification (e.g., certification by a civilian organization such as the American Kennel Club) a determination of "majority breed" will be made by a Veterinary Corps Officer (VCO) or a civilian veterinarian.

#### ***Pet Licensing***

If moving/living on base, you have 30 days to register your pet. Registration fee for one year is \$10.00, \$15.00 for two years, and \$20.00 for three years for all altered pets. For all unaltered pets registration fees are: \$25.00 per year, \$40.00 for two years, and \$50.00 for three years. Temporary tags are \$5.00 each for all pets (valid for six months). Unaltered cats must remain indoors. When walking dogs, a leash is mandatory. Personnel living off base must register their pets (dogs and cats) with the local Humane Society.

The Department of Labor and Defense (DoL) and (DoD) have teamed up to help spouses gain training in fields that have high demand, easily transferable employment opportunities. The program provides qualified spouses with up to \$3,000 per year for two years to help pay for education in five specific job-related fields: Education, Information Technology, Health care, Financial Services, and Skilled Trades. ### *-Cost*

There is an annual registration fee of \$50.00 per child. Camp Pendleton CDCs prorate payments to the 1st and 15th of the month. Weekly fees for full-time care are based on 12 hours of care per day. Fees include walking children to and from school and are based on total family income. You may contact the Resource and Referral Office at (760)725-9723 or visit <http://www.mccscp.com/familycare>

### **Exceptional Family Member Program**
