

## 2015-2016 INFLUENZA VACCINE CLINIC

- Flu vaccines (spray and shots) will be administered at the Family Service Center on Laurel Bay and Parris Island Youth Center on 02 October 2015 (Friday) starting from 1100-1800 and 03 October 2015 (Saturday) from 0800-1300 at the Family Service Center in Laurel Bay.
- The FLU vaccines are being offered to students, staff and other military dependents (parents and/or siblings).
- Students can receive their 1st or 2nd dose of their FLU vaccine at this clinic.
- Please note: Parents must be present at the time of vaccination. Flu vaccines will NOT be given to children without an accompanying parent/guardian. Some children under the age of 9 years old need 2 doses to be protected. Those students will be notified of the need for two vaccines upon assessment at the flu clinic and notification will be sent home. Please make the appropriate arrangements with your child's PCM for the second FLU vaccine. Also if this is your child's 2nd vaccine dose, please provide the date that the first dose was given. The second dose of a recommended 2-dose series should be administered at least 4 weeks after the initial dose.
- Parental consent forms will be sent home with all students, youth center and child development center enrollees. If additional copies are needed for other children in the household or yourself, they will be available at the CDC and Youth Centers at Laurel Bay, Parris Island, and MCAS. All immunizations require a consent form. (Only one person per consent form please). Please read & complete the medical screening questions and bring parent/sibling consent forms with you when you come to the Flu Vaccine Clinic location on 02 and 03 October 2015.

The flu clinic at Naval Hospital Beaufort Immunizations Department will be open beginning Monday, October 5, 2015. The hours of operation will be from 0800-1530 Monday thru Friday and is open to all eligible beneficiaries. For more information please contact Immunizations at 843-228-5559. For more information regarding the flu, please go to [www.cdc.gov/flu](http://www.cdc.gov/flu).
