

NAVAL HOSPITAL BEAUFORT NEWS FLASH

Volume 1 Issue 2

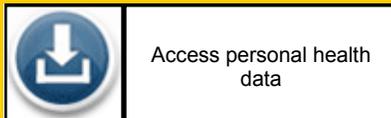

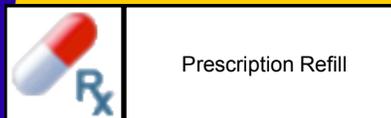

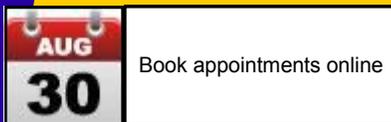

A Health Care Operations
Publication

November 2012

Have you heard about our Pediatric Providers on the Medical Home Port Team?

In the past, TRICARE Prime pediatric beneficiaries at Naval Hospital Beaufort (NHB) were allowed to enroll to a civilian pediatrician or assigned to a family medicine provider on the Medical Home Port Team.

Now, NHB is pleased to announce that we are staffed with two pediatricians and a pediatric nurse practitioner. Our pediatric staff has a wealth of experience and is capable of treating all pediatric patients. New pediatric enrollees into TRICARE Prime are now being assigned to a pediatric provider or to a family medicine provider on the Medical Home Port Team.

Dr. McLaughlin is a board certified pediatrician, a fellow in the American Academy of Pediatrics, and an assistant professor of pediatrics in the Uniformed Services University of the Health Sciences School of Medicine. Dr. McLaughlin graduated cum laude from George Washington University in Washington, DC.

Dr. Traynham brings a vast array of knowledge and expertise to our Medical Home Port Team. After practicing pediatric medicine for the past 30 years, he can make any pediatric patient feel at ease. He is a graduate of Georgia Tech and received his medical degree from the Medical University of South Carolina.

Ms. Karen Pressley brings a wealth of experience that makes her a trusted pediatric provider. Ms. Pressley has practiced in rural health clinics, State Health Departments, Richland Memorial Hospital's newborn nursery, and private pediatric offices. She completed the Pediatric Nurse Practitioner Program at the University of Virginia.

Appointment Line

NHB 228-5175/5198
MCRD 228-4237
MCAS 228-7424

Remember, if you need to see a pediatric provider, NHB has a dedicated and experienced team of pediatric professionals to care for your children. Call the appointment line Monday - Friday, 0730 - 1600 to schedule an appointment or log onto www.TRICAREonline.com and book your appointment anytime of the day or night.

Did you know there is an App to access your TRICARE pharmacy benefits?

TRICARE beneficiaries have a new pharmacy option that is accessible in the palm of their hand! The TRICARE Pharmacy contractor, Express Scripts, has an enhanced mobile application.

The updated App includes medication reminders and an account registration tool. The reminder feature gives beneficiaries the option to set daily alerts to make sure they take their medications. The account registration feature lets beneficiaries create their Express Scripts account right on their smart phone. Currently, the app allows beneficiaries to register for TRICARE Pharmacy Home delivery and change current prescriptions over to home delivery. They can also order home delivery refills and check order status.

Smartphone users can download the app for free by going to www.express-scripts.com/mobile or using services like the Apple App Store or Android Marketplace. The mobile optimized pharmacy website is accessible at <http://m.esrx.com>.
