To Whom It May Concern:

The patient presenting this letter is interested in undergoing corneal refractive surgery. Our clinic would like to request your insight/opinion as to this patient's ability to complete their Active Duty Service Obligation following their Limited Duty Period.

Please provide a letter indicating whether or not you believe this patient will return to full duty following Limited Duty. If you either have, or plan to refer this patient to the Physical Evaluation Board, please indicate that as well. This information is helpful in determining the candidacy for Limited Duty patients as it pertains to refractive surgery.

Thank you for the time and assistance with this case.
