COMMANDING OFFICER'S POLICY STATEMENT ON ENVIRONMENTAL MANAGEMENT

1. Naval Hospital Lemoore is committed to operating in an environmentally responsible manner through compliance with Federal, State, and Local environmental laws and regulations. We will achieve this by:
 - a. Compliance to Executive Order 13514 - Federal Leadership in Environmental, Energy, and Economic Performance.
 - b. Compliance with Navy environmental, and energy policies and directives listed in OPNAVINST 5090.1C, Environmental and Natural Resources Program Manual.
 - c. Integrating pollution prevention opportunities and sound environmental practices into all our operations and business decisions.
 - d. Reducing our organization's environmental impact on the community by reusing, recycling, and procuring recycled materials where practical.
 - e. Utilizing process improvement, policy changes, and technology whenever feasible to decrease energy consumption and hazardous waste generated by our facility.
 - f. Educating our employees, contractors, and vendors about their responsibilities to the environment; strongly encourage them to provide suggestions to increase the organization's environmental compliance.
 - g. Continuously improving environmental performance through annual internal audits and management reviews to assess our progress towards our environmental goals.
2. This policy shall be implemented and communicated to all employees and made available to the public.
