COMMAND ENVIRONMENTAL POLICY STATEMENT

U.S. Naval Hospital, Yokosuka, Japan's mission is to provide medical, operational and contingency support for active duty, family members and other eligible beneficiaries in Japan, Korea and Diego Garcia. We also recognize our responsibility to preserve and protect our natural resources and the environment.

We commit to:

a. Minimize our impact on the environment through education, pollution prevention, and conservation of our resources.

b. Integrate sound environmental practices into our daily decisions and activities.

c. Establish and maintain environmental objectives and targets to minimize adverse environmental impact.

d. Continually improve our decisions, practices, and activities to achieve environmental sustainability.

e. Comply with all the applicable legal and environmental requirements as set forth in the Final/Environmental Governing Standards of our Host Nation and OPNAVINST 5090.1C.

This environmental policy will be communicated to all individuals of our Command and will be made available to the public.
