TRICARE PHARMACY BENEFITS: The TRICARE Pharmacy Program Handbook is available at all military pharmacies and the NMCP website below. TRICARE Formulary, detailed Patient Medication Guides, Prior Authorization and Medical Necessity forms, copays, guidelines, and other information are available at: <https://www.express-scripts.com/static/formularySearch>

TRICARE MAIL ORDER PHARMACY: For questions, call (toll free) 866-363-8667 (866-DOD-TMOP). Copay applies for up to a 90-day supply (30-days for controlled substances). Military providers may also input prescriptions for direct transfer to TMOP. When you phone in your refill, you may select TRICARE Home Delivery if the medication is eligible and you do not have other health insurance. Please allow up to 14 days for processing. You may also ask to have your prescriptions transferred directly to TMOP by calling your military Pharmacy listed above. You will be billed by Express Scripts for the TRICARE-mandated copay amount. See flyer or website for details.

RETAIL PHARMACY NETWORK: For questions, call (toll free) 866-363-8779 (866-DOD-TRRx). Most Hampton Roads area pharmacies are TRICARE retail network pharmacies. Copays apply for up to a 30-day supply (higher copay and deductible at non-participating pharmacies). You may have your retail prescription transferred to a military pharmacy by presenting your latest prescription label at the military pharmacy. To transfer prescriptions from the military pharmacy to a retail pharmacy, have the retail pharmacy call the originating pharmacy listed above.
