Stand Alone HRA CD

To request a copy of the HRA CD, send an email to the program manager below and include the following:

Command Name

UIC

POC Rank/Name

Alternate POC

Phone

Email

Mailing Address

For further information or comment, contact the program manager at:

Navy and Marine Corps Public Health Center (NMCPHC)

620 John Paul Jones Circle, Ste 1100

Portsmouth VA 23708

(757) 953-0963

usn.hampton-roads.navmcpubhlthcenpors.list.nmcphc-hra@mail.mil.

Even though you are requesting the stand-alone CD version of the HRA, all Administrators must still establish an account. This will be done when you supply the information requested above.

HRA CD Program:

The ReadMe.txt file on the CD will explain how to create a folder on your hard drive where the HRA application and datastore files will be saved. Please note that the HRA_NMCPHC.config file does not need to be modified. Upon delivery of the CD the NMCPHC.config file will not have the path to the HRA-Datastore.mdb. It will only have "DATASTOREPATH = ". As long as the HRA_Program.mdb and the HRA-Datastore.mdb are co-located on your computer, the HRA_Program will find the HRA-Datastore and update the NMCPHC.config file.

The ReadMe.txt file explains how to place the HRA program on the ship's intranet. Otherwise, it can also be deployed on a single computer. If the program is deployed on multiple computers throughout the ship, the data will likewise be in multiple datastore files. As a result, a consolidated report will not be possible until the files are combined
