US COAST GUARD PERSONNEL

Go to the following Web address:

<https://nmcpeh-web2.med.navy.mil/pls/newhra/hra>

Coast Guard personnel will log on to the Health Risk Appraisal (HRA) using a 9-digit numeric designator, based on their DISTRICT, ATU and OPFAC (i.e, 010105210). Reservists will precede this 9-digit number with an "R" (ie, R010105210). No spaces and no dashes.

Administrators are to provide their personnel with the appropriate logon/user ID.

After submitting your responses, you will receive a personalized report. Print a copy of your report before you close the browser window and take it to your PHA or other health activity.
