

# ANGER

A close-up photograph of a person's face, showing their eyes wide open and a look of intense anger or aggression. The image is heavily textured with scratches and dust, giving it a gritty, industrial feel. The word 'ANGER' is written in large, red, distressed capital letters across the top of the face, with the letters appearing to be part of the surface or painted on it.

**MANAGE YOUR ANGER  
BEFORE IT CONTROLS YOU**
