

YOUR LOVE. YOUR HEALTH. OUR HELP.

Reproductive and Sexual Health

Responsible sex can be a wonderful thing. But if you engage in risky sexual behavior, you can experience sexually transmitted infections (STIs) and unintended pregnancies. Additional consequences of risky sexual behavior can include pain and suffering, embarrassment and lifelong health, relationship and financial issues. That's why the Health Promotion and Wellness Department of the Navy Marine Corps Public Health Center works to reduce the occurrence of STIs, HIV infections and unplanned pregnancies among Sailors and Marines. We offer practical tools, educational resources and prevention strategies that can help you, your partner and your family remain sexually and reproductively healthy.
