Tuesday, 2 April 2013 -- 0800-1600 -- HIV-STI Prevention Counseling LITE - Designed to improve the ability of providers in a variety of settings to support individuals in making behavior changes that will reduce their risk of acquiring or transmitting HIV or other sexually transmitted infections. Target audience: Corpsmen, nurses, Preventive Medicine and Public Health Technicians, PM Representatives and PM Petty Officers, counselors, and public health educators, who are tasked to counsel individuals regarding sexual behavioral risk reduction.

Wednesday, 3 April 2013 (0800-1100) -- Promoting Sexual Health in Military Populations - Prepare leaders, health professionals, clergy and volunteers to plan and execute effective community strategies to reduce sexual risk behavior within military communities. Target audience: Military leaders, health promoters, preventive medicine and public health professionals, chaplains, school nurses, clinicians, Independent Duty Corpsmen, family counselors, peer educators.

Wednesday, 3 April 2013 (1200-1600) -- Sexual Partner Counseling and Referral - Students learn the four referral options and 11-step partner referral process. Military-specific circumstances and issues are explored. Students use role-plays to improve their one-on-one counseling skills of working with patients to bring their partners to testing and treatment. Target audience: Physicians, Independent Duty Corpsmen, nurses, Preventive Medicine and Public Health Technicians and Officers, PM Representatives, and PMTs.
