

# Announcements

- Register for the Epi-tech trainings:
  - Log-on or Request log-on ID/password:  
<https://tiny.army.mil/r/zB8A/CME>
  - Register for Epi-Tech Surveillance Training:  
<https://tiny.army.mil/r/7laAB/EpiTechFY16>
- Please enter your name/service and email into the chat box to the right or email the disease epidemiology program at:  
[usarmy.apg.medcom-aphc.mbx.disease-epidemiologyprogram13@mail.mil](mailto:usarmy.apg.medcom-aphc.mbx.disease-epidemiologyprogram13@mail.mil)
- You will receive a confirmation email within the next 48 hours with your attendance record
- Please DO NOT place us on hold. Press \*6 to mute/unmute your phone.

# Medical Event Reporting Process Focus Group Discussion

# Objectives

- Identify gaps in the medical event\* reporting process, from your perspective.
- Identify best practices in use at an installation for medical event reporting.

\*any medical condition, laboratory result, or diagnosis, reportable in DRSi and/or any other reporting system

# Rules of Engagement

- Non-attributional
- During introductions please state the following:
  - Rank
  - Name
  - Your role (Preventive Medicine, Public Health, etc.)
  - Location of your installation
- Thereafter, just identify yourself by last name

# Questions

1. What is the current process for disease reporting at your installation?

# Questions

2. What is the primary reason that disease reporting may be incomplete?

# Questions

3. Medical event reporting could be improved by \_\_\_\_\_ .

# Questions

4. What type of surveillance is done at your Medical Treatment Facility (MTF) to identify outbreaks?
  - Who does this?
  - How often is it performed?

# Questions

5. Do you need training on medical event or disease reporting tools?
  - Provide some examples of what type of training and how you would prefer it to be provided.
