

**DEPARTMENT OF OBSTETRICS AND GYNECOLOGY
NAVAL MEDICAL CENTER SAN DIEGO**

GYNECOLOGIC ONCOLOGY (GYNO)

Location: Clerkship will be served at Naval Medical Center, San Diego

Duration: 4 weeks or 2 weeks in combination with another departmental clerkship

Clerkship Description: Students will be part of the GYNO team made up of gynecology oncology staff and OBGYN residents. They will participate in the outpatient and inpatient care of patients with pre-cancer, cancer or complex surgical cases as well as familial syndromes.

Other opportunities for education include morning rounds, departmental conferences, specialty clinics and allotted OR time. Generally the GYNO team is in the operating room once a week with laparoscopic, Da Vinci or open surgical techniques utilized for the staging of malignancies.

A large part of the experience will be in the evaluation and performance of colposcopic examinations for women with cervical, vaginal or vulvar dysplasia.

The students will be expected to take OBGYN call approximately one night per week.
