

**DEPARTMENT OF OBSTETRICS AND GYNECOLOGY
NAVAL MEDICAL CENTER SAN DIEGO**

MATERNAL FETAL MEDICINE (MFM)

Location: Clerkship will be served at Naval Medical Center, San Diego

Duration: 4 weeks or 2 weeks in combination with another departmental clerkship

Clerkship Description: Students will be part of the MFM team composed of maternal fetal medicine specialists and OBGYN residents. They will participate in the care of patients with high risk pregnancy concerns in the inpatient and outpatient settings. Additionally, the students will be exposed to fetal diagnosis and advanced ultrasonography. Other opportunities for education include morning rounds, departmental conferences, specialty clinics, and time on the Labor and Delivery Unit.

The students will be expected to take OBGYN call approximately one night per week.
