

**DEPARTMENT OF OBSTETRICS AND GYNECOLOGY
NAVAL MEDICAL CENTER SAN DIEGO**

UROGYNECOLOGY (UROGYN)

Location: Clerkship will be served at Naval Medical Center, San Diego

Duration: 4 weeks or 2 weeks in combination with another departmental clerkship.

Clerkship Description: Students will be part of the UROGYN team made up of fellowship-trained urogynecologists and a chief OBGYN resident. They will participate in the outpatient and inpatient care of patients with pelvic floor disorders such as uterovaginal prolapse, urinary incontinence, and voiding dysfunction. Other opportunities for learning include morning rounds, departmental conferences, specialty clinics, and allotted OR time. Generally the UROGYN team is in the operating room once a week performing transvaginal and laparoscopic cases.

The students will be expected to take OBGYN call approximately one night per week.
