2. Cancellation. NAVMEDCEN SDIEGOINST 5090.2.

3. Scope. The provisions of this document apply to all Naval Medical Center, San Diego (NMCS D) military and civilian personnel and all tenants and contract personnel within the command. Additionally, this document applies to all contractor operations conducted within the command. NMCS D will operate in a manner to:

- a. Minimize waste, prevent spills, and other pollution, and dispose of waste responsibly.
- b. Conserve and protect natural and cultural resources.
- c. Reuse, recycle, and procure recycled materials, to the maximum extent practicable.
- d. Responsibly use energy through conservation and efficiency and use renewable energy sources where feasible.
- e. Be an environmentally responsible neighbor.
- f. Periodically review, measure, evaluate and improve its Environmental Management System (EMS) and performance and ensure that NMCS D adheres to reference (f).
- g. Comply with relevant and applicable Federal, State, and local statutes and regulations, and Department of Defense directives.
- h. Communicate the Environmental Policy to all command personnel, contractors, and tenants.
- i. Make Environmental Policy available to the public via command website.
- j. Strongly encourage feedback. All military, civilian, and contractor personnel are urged to come forth with suggestions to further minimize reliance on hazardous materials and reduce waste in their own area and in any other area about which they may have ideas.

4. Action

- a. The Commander will:
 - (1) Appoint a Command EMS Management Representative (EMR) using enclosure (1).
 - (2) Appoint Cross Functional Team (CFT) members using enclosure (2).
 - (3) Attend at a minimum one Management Review per calendar year per references (a) and (b).

c. CFT members will act as liaisons between the team and their respective Directorates.

5. Records Management. Records created as a result of this instruction, regardless of media and format, shall be managed per reference (e).
