Notes:									
<b>RECOMMENDATIONS FOR INFESTED ROOMS</b>									
Identify non-infested room for resident(s) to move into and inspect new room with above standards to ensure new room is not infested.									
<b>New Room #:</b>						<b>Cleared (Date):</b>			
Notify resident(s) immediately of findings. Provide resident with the bed bug pamphlet and guidance on the proper treatment of personal belongings. Verify that resident has met proper treatment guidelines <b>PRIOR</b> to resident moving into a new room.									
Dispose of the following items from the infested room:									
Mattress bed(s): A/B		Box spring beds(s): A/B		Mattress covers		Box spring covers		Bed linens	
Call NAVFAC to treat room for bed bugs.									
Wait 48hrs after treatment, then clean room thoroughly.									
After room is cleaned, call Environmental Health at NMCS D (619-532-9223) to set up post-treatment inspection.									
<b>RECOMMENDATIONS FOR NON-INFESTED ROOMS</b>									
Initial inspection revealed no infestation and room is cleared for occupancy.									
Post-treatment inspection revealed no infestation. Cleared for re-occupancy. 30 day post-treatment inspection will be conducted on:									
<b>Date of re-inspection:</b>									
Room cleared for re-occupancy. <b>Date:</b>
