

NAVY TRAUMA TRAINING CENTER

LOS ANGELES, CA

Please note: NTTC is located at the LAC+USC Medical Center in Los Angeles County. All medical and credentialing requirements are based on Los Angeles County requirements, not U.S. Navy. Prompt attention to listed requirements will speed your process through the LA County's Employee Health department. Failure to comply with Los Angeles County credentialing requirements will result in your removal from the course. The U.S. Navy and/or NTTC do not have the ability to grant any waivers to Los Angeles County credentialing requirements.

**The deadline for submitting all required forms is one week prior to class convening date. This will give NTTC administrative staff and LA County Employee Health time to pre-screen prior to your arrival. Applicants who do not meet this deadline risk forfeiture of their seat.

**Los Angeles County also utilizes the Live Scan digital fingerprinting verification service for criminal background checks for all persons involved in patient care. Applicants found to have a criminal background by Live Scan may be denied credentialing at Los Angeles County + University of Southern California Medical Center's sole discretion. Please contact NTTC prior to arrival if you have any questions or concerns about your application that may prevent you from qualifying for credentials.

ITEMS to BRING:

The following items are required:

- Military ID card
- Driver's License or State I.D.
- Medical Record: copies of all required titers and immunizations
- Uniform: 1 set of Khakis for E-7 and above, 1 set of Service Uniform for E-6 and below. Corpsmen should bring appropriate clothing for EMS rotation.
- **Appropriate clothing would be Dickies style pants and a collared shirt. NWU are NOT authorized for EMS rotations.
- Travel Orders
- Copies of credentials (Licenses, CVs, ATLS, ACLS, BLS, etc.)
- LA County requires a CV for all nurses and providers, no exceptions.

The following items are recommended for all to bring:

-Calling cards; cash; check book

-Loops (Surgeons)

-Laptop (optional). Wireless internet access is available at the hospital and lodging site.

-Camera (no photos allowed in patient care areas)

-Trauma reference books (if you have any)

-PT gear/running shoes

-Civilian clothes

-Light jacket (it gets very cold in the classroom)

-Laundry needs (soap/dryer sheets)

-Personal hygiene items

-Fanny Pack

-Ear Plugs (highly recommended)

-Stethoscope

-**Appropriate clothing for EMS rotation (Dickies style pants and a collared shirt). NWU are NOT authorized for EMS rotations.
