(PERS 4415)**

**Operational Medicine Orientation  
GMO/GME/Intern detailer**

(901) 874-4045 (DSN: 882-4045)

# NAVY PERSONNEL COMMAND

Our mission is to support the needs of the Navy & Marine Corps by providing the Fleet with the right person in the right place at the right time.

My Mission: “Maximize training opportunities while meeting the operational requirements of the Navy and Marine Corps”

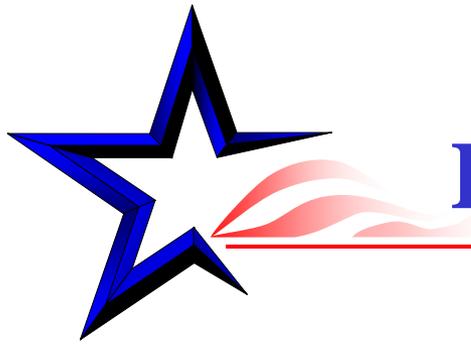

# DETAILING BASICS

---

## Detailer -

- Officer's advocate;
  - ensure career and personal concerns are balanced with the needs of the Navy;
  - advocate for all subspecialties;
  - career counseling;
  - career management/assignments.

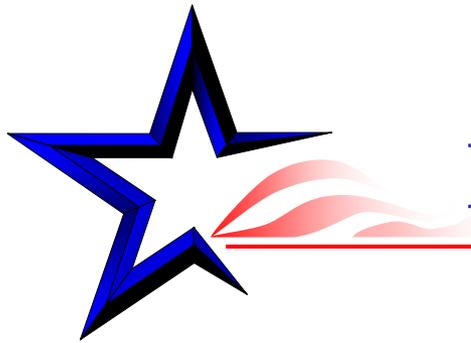

# DETAILING BASICS

---

## Duties of the Detailer:

- Negotiate and write orders
- Communicate with the Specialty Leaders
- Counsel constituents before and after boards
- Nominate members to sit on boards
- Visit commands to speak with constituents

# DETAILING BASICS

- Key components are:
  - Needs of the Navy
    - Valid billet (1 billet = 1 body)
  - Career needs of the Officer
  - Personal needs of the Officer
    - Co-location
    - Exceptional Family Member
- Other considerations:
  - PCS rule structure
  - Fiscal considerations
  - Tour length requirements

# GME

---

- GME
  - BUMEDNOTE 1524
- GME timeline:
  - 15 July 2015: Web application activated
  - 15 September 2015: Deadline to submit Web application
  - 1 October 2015: Deadline to submit supporting documentation
  - 1 December 2015: GMESB convenes
  - 16 December 2015: GMESB results released
  - 13 January 2015: Deadline for acceptance of training
- Contact GME office with questions
  - [GME2@med.navy.mil](mailto:GME2@med.navy.mil)
  - (301) 319-4516

# 2015 Graduating Intern Class Stats

- 258 started internship 2014
  - 110 accepted straight-thru residency (103 FTIS / 7 FTOS)
  - 9 Continuous Contracts (6 FM, 2 Psych, 1 Neuro Surg)
  - 60 accepted Flight Surgery training
  - 17 accepted UMO training
  - 62 assigned to GMO tours
- Size of 2016 graduating class is 258

# Assignment Factors

---

- Exceptional Family Member
- Co-location with AD spouse
- Member's desires
- PCS costs
- Seniority
  - Second tour GMOs get priority
- First come, first served for GMO Assignments

# GMO Assignments

---

- Expected GMO billets in 2015
  - Marines
    - North Carolina (Camp Lejeune, Cherry Point)
    - California (Camp Pendleton, 29 Palms, Bridgeport)
    - Okinawa
    - Hawaii
    - South Carolina (Beaufort)
  - Shipboard billets
    - California (San Diego)
    - Virginia (Norfolk, Little Creek)
    - Agnano, Guam
  - Seabee billets
    - Gulfport, MS
    - Port Hueneme, CA

# GMO ASSIGNMENT

---

- Maximize your options
  - GME
  - Flight Surgery
  - Undersea Medicine Officer
- There are no bad assignments, downstream will be provided for visibility of available billets

# GMO ASSIGNMENT

---

- GMO assignments are made after GMESB results are released on 16 DECEMBER.
- Projected call-in date (s):
  - 20 Dec 15 for non-selects
  - 04 / 05 Jan 16 for everyone else.
- Once you select a GMO assignment you are no longer eligible for Residency, Flight Surgery or Undersea Medicine Training.

# GMO ASSIGNMENT

---

- Be prepared to make your decision regarding GMO after GMESB results are released on 17 DECEMBER.
  - Info detailer on training acceptances and declinations.
  - Those desiring GMO orders should contact detailer immediately.
  - Consider risk on waiting for training offer from alternate list, GMO opportunities will be shrinking.
  - Detailer cannot negotiate GMO orders until you have **declined** all training offered.
  - Not eligible for any training offer after accepting GMO orders.

# FLIGHT SURGERY AND UNDERSEA MEDICINE

- If accepting Flight Surgery (FS) or Undersea Medicine Officer (UMO):
  - Rank class preferences
    - FS: July, September, or November
    - UMO: July or January
    - Provide reasons for preferences!
  - Requirement to level-load classes

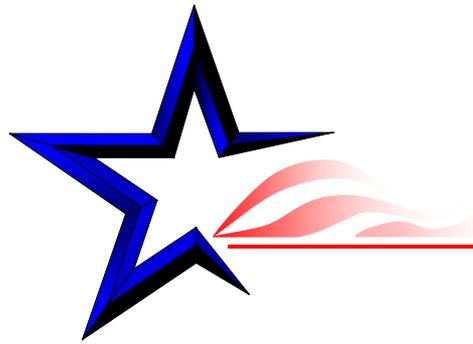

# FLIGHT SURGERY AND UNDERSEA MEDICINE

---

- Stash assignments awaiting FS/UMO
  - Up to the member and their command
  - No orders from PERS for these assignments
  - Can go no cost TAD depending upon command needs

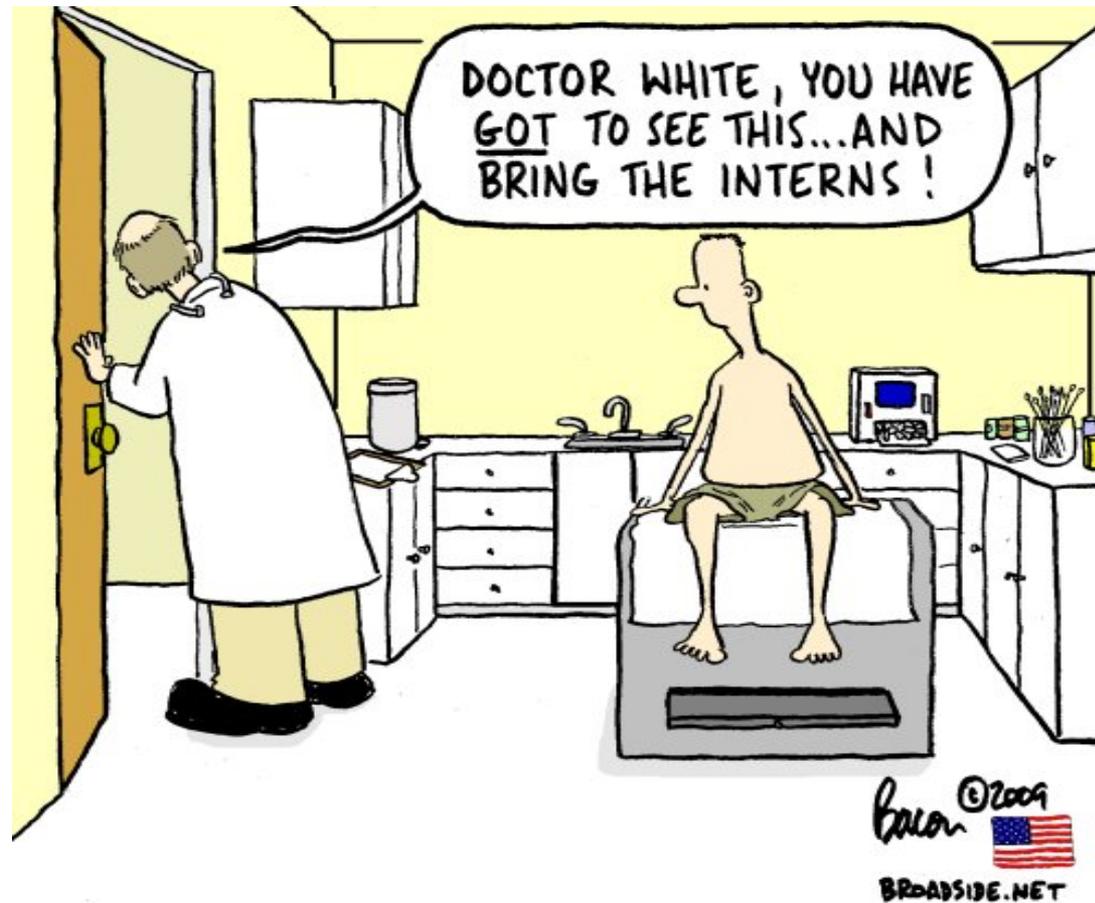

# Miscellaneous Items

---

- Delays in internship may limit options.
  - Cannot “hold” a billet indefinitely.
- No such thing as “one-year” billets.
- Non-deployable billets do not exist!
- Advancement deferment can be waived.
  - Eligible persons should contact detailer in early January.

Things you don't want to hear at the doctor's office.
