

HEALTH CARE CONSUMERS' COUNCIL
MINUTES

The Health Care Consumers' Council was held at 1000, Tuesday, 19 Mar 2013, at the Naval Health Clinic Patuxent River (NHCPR), Command Conference Room.

CAPT Shevchuk, Executive Officer, Naval Air Station Patuxent River: I have received correspondence from Navy District Washington regarding the implementation of CRA and sequestration and their impact on the way the Navy does business. Seventy percent of the money we had to spend until 31 Oct 2013 is gone. The Drill Hall, indoor pool and Liberty Center now have reduced hours. One third of base security are military or Department of the Navy police; therefore, if sequestration occurs, our security force will be affected. However, NAS Pax will execute a staggered furlough for security which will be similar to holiday manning of the base gates. Other things affected: the base taxi has been suspended, we must be good stewards of the utilities and lower the thermostat in cooler months and raise it in warmer months, janitorial and grounds keeping services will be changing and pest control will no longer be proactive but reactive.

CAPT Vernere, CO, Naval Health Clinic: NHCPR will be affected if the sequestration takes place as we have many civilian employees. Access to care will be affected slightly; however, we do not predict a noticeable difference.

LCDR Faith, Director Healthcare Business, Naval Health Clinic: Thank you to those who attended our Town Hall meetings; they were small but powerful. If you are about to retire and would like to stay enrolled to NHCPR, you must request to maintain enrollment within thirty (30) days of retirement; you can do this by visiting the Tricare Service Center. If you retire and did not make this request, you will not be able to return to the clinic as an enrollee.

CAPT Grzesik, Department Head, Dental Clinic (Attachment 3): The dental clinic has a new hygienist; our capabilities are back to where they used to be. We now have an in-house prosthodontics laboratory and one lab technician. We can do such things as mouth guards, single crowns and other non-complicated cases; this will diminish the amount of sailors that are sent out in town for treatment. In FY12, an average of \$70,000 was spent each month from sending patients out in town; in Feb. 2013 we only spent \$32,000! Thank you for keeping our no-show rates at a minimum; we are at a less than 5% no-show rate and are working on a no-show policy. Currently dental readiness is at 96.23% (class 3 & 4's) and dental health is 62.29% (class 1's).

CDR Tizon, Director For Administration: We have completed the renovations for the immunizations clinic; it is back to its original location. Beginning 01 Apr 2013, NHCPR will be opened Mon-Fri 0700-1630 and the pharmacy hours will remain Mon-Fri 0800-1700.

LT Ayala, Division Officer, Military Medicine (Attachment 4): From Jan to present, the number of indeterminate patients (those who are a Dental Class 4, or are overdue for their PHA or Mental Health Assessment) have decreased from 63% to 81%.

CAPT Shevchuk, Executive Officer, Naval Air Station Patuxent River: How far in advance can we schedule a PHA appointment? Sixty days would be ideal.

LT Ayala, Division Officer, Military Medicine: We will make it 60 days.

HM2 Toussaint, Deployment Health (Attachment 5): Please call me at 301-757-2027 or Mrs. Edick 301-342-5492 if you need to schedule an appointment or are unaware of your readiness status.

Mr. Koch, Director, Public Health (Attachment 6): The clinic hours are changing 01 Apr 2013; however, the Occupational Health department hours will remain 0700-1530. Additionally, it is imperative that patients get their PPD (tuberculosis test) read after three days – no exceptions.

CAPT Shevchuk, Executive Officer, Naval Air Station Patuxent River: Per NAVPAXRIVINST 1700.3B, 09 May 2011 (Health Care Consumers' Council), "HCCC membership consists of presentation from each command..." and "Commanding Officers and Officers-in-Charge shall appoint members of their commands/squadrons to attend the HCCC meetings"; this is not occurring. The instruction also states, "This instruction will be reviewed annually by CO NAS and NHCPR"; we will do this and determine if the frequency and venue for the HCCC meeting are the most effective. When the next meeting occurs I will have assumed the duty of CO, NAS Pax River. I will bring the new XO to the next HCCC meeting.

Ms. Ashton, Health Promotions: I am available to hold nutrition classes at your command. Please ask your CFL to call 301-342-4050 to set this up.

Ms. Rudy, Case Management: We have three case managers at NHCPR. We are here to help active duty and family members with things such as making appointments, coordinating care, family issues and information and referrals; please utilize us, we are here to make things easier for you.

Ms. Tyler-Lockett, Fleet and Family Service Center (Attachment 7): Please pick up a Beacon, we have numerous March classes. We have an Anger Management class coming up; I have flyers here for you. We have counseling appointments available; please call FFSC to set up an appointment. Michelle Stubblefield is our Ombudsman Coordinator and can be reached at 301-757-1861.

Ms. Shaw, MedStar St. Mary's Hospital Health Connections (MSMH): The Health Enterprise Zone project which will address unacceptable and persistent health disparities starts 22 May 2013; please read more about this exciting endeavor here:

<http://medstarstmarys.org/body.cfm?id=516>

We are getting five new primary care physicians, two licensed clinical social workers and one psychiatrist in Lexington Park. A mobile dental unit will be opening in late summer; this is for the dentally uninsured. Additionally, there will be a mobile medical route that will be on a constant 16 mile loop to transport individuals to their medical appointments.

Ms. Campbell, Calvert Memorial Hospital (CMH): The director of the emergency department has begun a new approach in transferring patients from one provider to another. This approach

decreases the risk for medical errors and is a very efficient method. CMH is partnering with Farming for Hunger and sponsoring a 5k on May 11 at Serenity Farms; go to active.com to register. There will be a new urgent care center in Prince Frederick, this is projected for 2014.

The meeting adjourned at 1100. Representatives were asked to pass information from this meeting to all members of their commands.

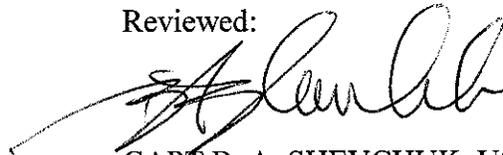

The next Health Care Consumers' Council meeting is scheduled for Tuesday, 21 May 2013 at 1000. If a representative would like to have a topic covered at this forum, please contact Ms. Quinn, Customer Relations Officer 301-995-4980.

HEALTHCARE CONSUMER COUNCIL

Tuesday, 19 Mar 2013

1000-1100

Naval Health Clinic, Conference Room

1. Welcome and Opening Remarks – CAPT Shevchuk, XO, NAS Patuxent River
2. Remarks – Command Triad, Naval Health Clinic Patuxent River
3. Healthcare Business – LCDR Faith, Director, Healthcare Business
4. Dental Readiness – CAPT Grzesik, Department Head, Dental
5. Facility Project Update – CDR Tizon, Director For Administration
6. Military Medicine – LT Ayala, Division Officer, Military Medicine
7. Medical Readiness Update – HM2 Toussaint, LPO, Deployment Health
8. Public Health and Infection Prevention – Mr. Koch, Director, Public Health
9. Health Promotion – Ms. Ashton
10. Case Management – Ms. Rudy
11. Fleet and Family Support Center – Ms. Tyler-Lockett
12. MedStar St. Mary's Hospital – Ms. Shaw
13. Calvert Memorial Hospital – Ms. Campbell
14. Next Meeting: 21 May 2013 @ 1000

BASE MEDICAL READINESS INITIATIVES

**LT AYALA, NC, USN, DIVISION OFFICER:
MILITARY MEDICINE**

GOALS

- Decrease Total Force Medical Readiness Indeterminate to 0% by Sept 30, 2013.
- Maintain base Total Force Medical Readiness above 85% by June 30, 2013.
- Hold monthly meeting and engage the base Medical Readiness Liaisons to ensure that their personnel's ready to deploy and PCS.

Medical Readiness Rodeo Team

- SECNAVINST 6120.3: Active duty members will have a PHA performed within 30 days of the individual's birth month.
- Team initiatives:
 - Monthly Medical Readiness Rodeo, 4months prior to the PFA cycle for personnel in the RED and have deficiency in MRRS
 - Day of the Rodeo include a visit with:
 - Provider, health physical assessment of their medical conditions
 - Immunizations , labs (CBC, HIV)
 - Dental, screening for all class 3/4
 - Eye and Audiology exams.
 - IMR will be updated in MRRS and report printed as a receipt

Base Medical Liaison's Responsibilities

- Attend all mandatory Naval Health Clinic meetings.
- Ensure that personnel's assign to their UIC/squadrons keep their appointments with deployment health department and Military Medicine clinic
- NHC, will provide a monthly list of all personnel that are currently in the RED:

IMR (classifications)

- Fully Medically Ready (green): current with all immunizations, labs, dental, PHA requirements.
- Partially Medically Ready (yellow): requires Imms, lab, medical equipment (glasses, dog tags)
- Not Medically Ready: (red): dental class 3/4, LIMDU, pregnant, postpartum (6mon)
- Medical Readiness Indeterminate: (grey): overdue PHAs/PDHRAs, class 4.

NHC Medical Readiness Mission

- Deployment Health: Responsibility
- Provide all the clinic's resources for the Base Med. Liaisons/Reps. with READINESS schedule.
- Provide monthly MRRS deficiency list for action .
- Schedule all PHA/birth month appointments.
- Member will be responsible for cancelling appointments made and reschedule.
- Attend Base INDOC and obtain roster of all new personnel and review their IMR status.

Deployment Health Assessments

- 25 personnel currently show in MRRS as requiring a PDHRA/DD2900.
- 18 are Due
- 7 are Overdue.

UIC	Command	Due	Over Due
06040K32	TEST PILOT TRAINING	2	2

FY12/13 Influenza Vaccine Season

(Active Component)	DoD-AII*	ARMY	MARINES*	NAVY*	COAST GUARD	AIR FORCE
Seasonal Influenza Vaccine	97	98	93	96	98	99

Sources: DoD ALL-DMSS, ARMY-MEDPROS, MARINES-DMSS, NAVY-MRRS, COAST GUARD-MRRS, AIRFORCE-AFCITA
 *Underestimates due to time lag in reporting systems
 Source: DoD Weekly Influenza Surveillance Summary - 12 Mar 2013

Requirement: 90% by 17 December.
96% of Active duty have been immunized. 73 personnel left that need to get the vaccine according to MRRS.

Vision: As one team, we will exceed customer and staff expectations every day.

FY12/13 Influenza Vaccine Season

Immunization Waivers (Active Duty):
References: (a) BUMEDINST 6230.15 A, (b) SECNAVINST 1730.8B

Medical: Per ref (a) The primary care provider or a physician specialist may grant temporary or permanent medical exemptions. If additional clinical consultation is needed to assess a patient's condition, the primary care provider will perform the initial clinical workup appropriate to the presenting symptoms and grant a temporary medical exemption pending the results of a referral to a medical specialist appropriate to the individual's clinical condition.

Administrative (Separation-Retirement or Religious): Religious - Per (a) and (b) individual requests are to be submitted to Chief, Bureau of Medicine and Surgery (MEDCOM-24), via the commanding officer and Deputy Chief of Naval Operations, Manpower, Training and Education (CNO (N1)) or CMC Deputy Chief of Staff for Manpower and Reserve Affairs (DCS (M&RA)), as appropriate. While the request is being processed, employee is in a temporary deferred status. Commanding Officer may deny request based on mission requirements.

Vision: As one team, we will exceed customer and staff expectations every day.

Things to Consider

Why are we here? What is our collective goal?

Why continually show metrics/scores on various Public Health measures?

1. To provide quality, cost effective healthcare to our customers. In this case "Preventive" Healthcare
2. To maintain a viable and ready workforce (which includes taking care of family members)
3. To decrease the potential for people to contract more serious illness or experience more severe symptoms and therefore decrease the burden on our Organization "Navy"
4. To decrease the operational costs incurred as a result of:
 - A. Time away from work
 - B. Increased demand for health services (manpower and resources) because of
 - 1) The need for multiple visits (either because a patient did not receive preventive care or did not complete the care required)
 - 2) Patients contracted an illness that could have been prevented

Questions to ask ourselves:

1. We achieved the DoD A/D vaccination rate goal, ahead of schedule, was that fast enough, and if it is mandatory, why do we still have over 150 that still need the Flu shot
2. How can we ensure customers return for follow-up care as required (TB)

Vision: As one team, we will exceed customer and staff expectations every day.

Anger Management Workshop

Can't seem to let go of that anger? Join us if you want to learn how to "let it go" and skillfully express anger in an effective way.

Anger Management 3 Class Series:

- April 11th, 18th, & 25th 1400-1600
- Location: FFSC
- Call to Register, 301-342-4911
- Must attend all three classes
