

**Naval Hospital Pensacola
Naval Branch Health Clinic
Naval Air Technical
Training Center (NATTC)**

Welcome!

We are located in Building 3911, directly next to the Portside Club.

We are honored to provide a wide array of medical and dental health care services to the active duty students and staff of NATTC, CNATT and MATSG-21.

Mission

We provide exceptional innovative healthcare, wellness, readiness and education to the service members, patients and families entrusted to us at home and while forward deployed.

Vision

To be the recognized leader and hospital of choice as a result of quality, cost efficient health care valued by our patients and our community partners while promoting excellence in staff development and patient education.

Clinic Hours

Monday - Thursday 0645 - 1800
Friday 0645 - 1545

What is Medical Home?

A model of care where YOU, the patient, can have a direct relationship with your provider. We take responsibility for the care we provide to you as nurses, physician assistants, corpsmen, etc...

What does this mean to you?

Medical Home Port is a team based approach to primary health care where patients are assigned to a specific Medical Home Port Team. The team reviews all of the patient's medical needs and ensures that anything required for the patient is addressed during the appointment, including booking referrals and giving missing immunizations..
