

Health Promotion

U.S. Naval Hospital Sigonella

MISSION

To integrate wellness, prevention education, and health promotion into every aspect of health care, as well as the community and worksite.

GOALS

- ✓ Improve and support military readiness.
- ✓ Increase awareness and knowledge of risk factors leading to preventable diseases/illnesses.
- ✓ Develop, provide, and maintain quality health promotion programs for active beneficiaries and civilians.
- ✓ Market and promote healthy lifestyles through awareness, education, and intervention programs and community events.
- ✓ Provide assistance to hospital departments and clinics in their health promotion programs.
