Subj: DANYELLE LUCKEY SACRED TRUST AWARD

Ref: (a) SECNAV M-1650.1 of 16 Aug 2019

Encl: (1) Danyelle Luckey Sacred Trust Award Nomination Template
(2) Navy and Marine Corps Achievement Medal Award Citation Template

- Purpose. To establish guidelines, procedures, eligibility criteria for submitting nominations for the Danyelle Luckey Sacred Trust Award, which recognizes Hospital Corpsmen who epitomize the Navy core values, excel in ability, skills, judgement, and demonstrate absolute dedication to a patient-centered approach to health care. This dedication embodies the sacred trust between the Hospital Corpsmen and their shipmates. The recipients of this annual recognition are Hospital Corpsmen whose exemplary effort in the provision of health care, patient advocacy, or patient-centered approach led to overwhelming positive outcomes. To highlight and recognize actions that resulted in implementing high reliability principles to improve patient safety and enhance the quality of care throughout the Navy and Marine Corps.
- Scope and Applicability. This instruction applies to all activities across the Department of the Navy with assigned Hospital Corpsmen in paygrades E-1 through E-6, Active Component, Reserve Component serving as Full-Time Support, and Reserve Component on active duty at time of the nomination. This is a voluntary recognition program where each commander, commanding officer, or officer in charge may nominate one Hospital Corpsman, regardless of the Navy Enlisted Classification assigned. Commanders, commanding officers, or officers in charge who choose to nominate candidates will comply with guidance outlined in this instruction.
- Background. This award is named in honor of Seaman (SN) Danyelle Luckey who served aboard the United States Ship (USS) *Ronald Reagan* (CVN-76) until her tragic death in October 2016. Her passing served as the catalyst for seminal changes to our afloat and ashore sepsis protocols which significantly improved the delivery of care to our patients. SN Luckey's death is a reminder that we must remain steadfast in our commitment to high reliability, and its key tenets of leadership, teamwork, patient safety, and clinical quality. Inspired by SN Luckey, the Surgeon General of the Navy dedicated this program to recognizing Hospital Corpsmen with a compassionate, patient-centered approach to health care, advocacy, and focus on process improvement resulting in positive patient outcomes, improvement initiatives, or the implementation of patient safety protocols.
