BUMED NOTICE 6300

From: Chief, Bureau of Medicine and Surgery

Subj: NAVY NURSE CORPS RESILIENCY SURVEY

1. Purpose. The Navy Nurse Corps (NC) Resiliency Survey will be conducted to understand the threats and barriers to building resiliency in the Navy NC. The survey will be an effective mechanism for gathering information that will contribute to building a resilient NC force. Information from this survey will yield data in constructing and planning educational training, resiliency tool kits, and potential future wellness programs. This supports the Surgeon General of the Navy's goals of people, platforms, performance, and power to ensure our force maintains the highest standards of performance and behavior.

2. Scope and Applicability. Survey participants will include all active duty NC officers. Approximately 2,800 active duty NC officers with ranks ranging from O-1 through O-7 will be targeted for the survey. This does not include government service or contract nurses.

3. Background. The NC senior leadership team met in fiscal year 2020 for the annual strategic planning meeting. Senior leadership reviewed past accomplishments and planned the way forward for NC in fiscal year 2021. Aligning with the vision of the Surgeon General of the Navy, the three target strategic objectives identified were readiness, relevance, and resiliency. Resiliency is at the core of every Sailor and Nurse as it relates to health and wellbeing. This directly supports the Navy's definition of resiliency, the process of preparing for recovery from and adjusting to life in the face of stress, adversity, trauma, or tragedy. The NC is committed to building a resilient force for its future.

4. Action. Each NC officer will be sent an e-mail including a link to the online survey. The Web link is available on [www.Max.gov](http://www.Max.gov). The Max.gov link will also be available on the NC Web page and NC newsletter Web sites.

5. Point of Contacts. CAPT Michele Kane, (301) 295-1516 and CDR Patrick Smith, (757) 341-7556.

6. Records Management

a. Records created as a result of this notice, regardless of format or media, must be maintained and dispositioned per the records disposition schedules located on the Department of the Navy Directorate for Administration, Logistics, and Operations, Directives and Records Management Division portal page at <https://portal.secnav.navy.mil/orgs/DUSNM/DONAA/DRM/Records-and-Information-Management/Approved%20Record%20Schedules/Forms/AllItems.aspx>.

BUMEDNOTE 6300  
21 Sep 2021

b.
