CDD Import Permit

(See Attached)

CDD has acquired the new CDC Import Permit that is valid for one year. Attached a copy of the permit for your sites to print and apply to all shipments of HIV samples sent to CDD. CDD will send preprinted permits on adhesive labels on subsequent shipments of supplies to each site. Discard all of the current CDC Import Permits that you might have on hand right now that expire on 06/24/21.

Please be advised that CDD will be closed on Monday, July 5th for the 4th of July holiday.

CDD will be open for testing on Saturday, July 3rd. If you are going to ship your HIV specimens to CDD on Friday, July 2nd, for delivery on Satur-

day, July 3rd, please make sure that you print your FedEx shipping label from the CDD website on Friday. The Saturday delivery address on the FedEx shipping label will show as:

**1102 Brussels Dr
San Antonio, TX 78200**

D1 DEFICIENCY AWARENESS D1 DEFICIENCY AWARENESS When the specimens are received at CDD, but the site did not transmit the orders data to our systems. The necessary action is for the site to process the batch through MRRS and resubmit. For CHCS and MHS Genesis, the site needs to retransmit the orders. CDD will only hold the samples submitted in SST tubes for seven days. After which, the specimens will be too old from the draw date, and the members will have to be redrawn. For most members, that is quite an inconvenience.
