***THIS IS THE MILITARY SKIN REPELLENT OF CHOICE.** Laboratory testing shows this product provides 6 hours of at least 95-percent protection against a variety of mosquito species in a tropical environment, 10 hours in a hot, dry environment, and 12 hours in a forested/wet environment.

** This item is intended solely for use as a component of survival kits.

**DEET products are intended for use on exposed skin and not for treating uniforms.
Check with your command and AOR policies for specific repellent guidance.**
