PREFACE

The 3rd Edition of the Industrial Hygiene Field Operations Manual is the result of collaborative efforts and work by a group of subject matter experts from across the Department of the Navy.

The Navy and Marine Corps Force Health Protection Command (NMCFHPC) Industrial Hygiene (IH) Department would like to thank everyone who contributed thoughts and recommendations to the update of the Data Management Plan. The NMCFHPC Staff responsible for this update of this manual.

This document will be regularly updated. The latest version may be found on the Navy and Marine Corps Force Health Protection Command, Industrial Hygiene Department website at the following URL: <https://www.med.navy.mil/NavY-and-Marine-Corps-Force-Health-Protection-Command/Environmental-Health/Industrial-Hygiene/Program-Support/Industrial-Hygiene-Field-Operations-Manual-IHFOM/>

Reviewed and approved

DARRYL P. ARSTEN, CAPT, MSC,

Commander
