

NAVY BLOODBORNE INFECTION MANAGEMENT CENTER

MAY 2020

“The world must know and understand: From this hour, from this day, from this hall, we step forth with a new sense of purpose, a new sense of possibilities. We stand together, prepared to swim upstream, to march uphill, to tackle the tough challenges as they come.”

– George H. W. Bush

ORDERING CDD SUPPLIES

CDD requests that site POC's review their supply inventory in advance to their monthly draws. All draws must be done using supplies furnished by CDD. Supply shipments are sent through FEDEX by ground shipment. That shipping method takes approximately 3 days to arrive at a CONUS site. Please do not wait until 2 days prior to a weekend drill to order supplies. When a site waits this close to place an order, it forces CDD to send that shipment as "Next Day Delivery" to ensure that the site receives the supplies in time.

ITEMS REQUIRED BUT NOT SUPPLIED

- * Needles for use with vacuum collection tubes
- * Needle Holder (HUB)
- * Alcohol Swabs
- * Adhesive Bandages and/or Gauze
