

# NAVY BLOODBORNE INFECTION MANAGEMENT CENTER

JULY 2019

## CDC IMPORT PERMIT 2019

CDD's application for the new international import permit has been approved. CDD has sent a copy of the permit to all of the sites. Each site can print the permit and apply it to the packages that they will be shipping to CDD. CDD will send all sites printed copies with adhesive backs in each subsequent shipment of the larger supplies (boxes, tubes, etc.). You can shred all copies of the import permit that you have on hand now, and begin using the new one. If you have not received a copy of the permit, please contact CDD at: [Military@cddmedical.com](mailto:Military@cddmedical.com)

## NBIMC CUSTOMER SURVEY

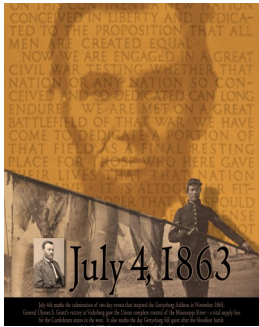

The NBIMC staff would like to invite the sites to participate with a short survey about how our staff is doing with customer service issues. Please take a couple of minutes to complete the survey. Just copy and paste the following hyperlink to view and start the survey. Thank you.
