R = Total Residency Goal (Including Incumbent Interns)  
 F = Fellowship Goal  
 TBD = To Be Determined

GME positions listed are projections and subject to change according to operational and manning requirements.  
 Release from Active Duty (RAD) to NADDS selections will be considered per reference (b) of the current year's BUMEDNOTE 1524 for specialties with "YES" in the RAD to NADDS column.  
<sup>2</sup>Neurosurgery PGY-2 training opportunity is dependent on the current PGY-1 trainee pipeline.  
<sup>3</sup>Applications for Ophthalmology will be considered for pre-selection to residency in AY-2026. Medical student applicants will complete a Transitional Year beginning in AY-2025. PGY-2 applicants must repeat 3 months of Ophthalmology internship as a "resitern" beginning in AY-2026.  
<sup>4</sup>PGY-2 applicants for Orthopedic Surgery and Otolaryngology will be considered with medical student applicants for PGY-1 positions. PGY-2 applicants who did not complete a preliminary year in Orthopedic Surgery or Otolaryngology will have to complete most or all of the PGY-1 year as a "resitern."
