

Capt. Corey J. Littel, U.S. Navy
Executive Officer,
Navy Medicine Operational Training Command

CAPT Corey Littel graduated from Keene State College with a BS in Sports Medicine in 1994, from Old Dominion University with an MEd in Sports Medicine in 1996, and from the Naval Postgraduate School's Master of Business Administration program in 2015. He completed his Educational Doctorate at Vanderbilt University in Leadership and Learning in Organizations in December of 2023.

He was accepted into the Navy's Medical Service Corps as a Lieutenant Junior Grade in November of 1998. Following Officer Indoctrination School in Newport, RI, he was assigned to Naval Aerospace Medical Institute under instruction. He completed the Aerospace Medical Officer course in July 1999 and was designated Naval Aerospace Physiologist #240.

His operational assignments include:

Aviation Survival Training Center, MCAS Cherry Point,
Aeromedical Readiness Officer, Fighter & Strike Fighter Wing Atlantic,
Crew Systems Department Head, Air Test & Evaluation Squadron Two-Zero,
Branch Head, Life Support Systems, Naval Air Warfare Center-Aircraft Division,
Director, Aviation Survival Training Center, Patuxent River MD,
Chief of Staff, Naval Test Wing Atlantic,
Deputy Force Surgeon, Navy Expeditionary Combat Command, Little Creek, VA,
Aeromedical Threat Analyst, Naval Safety Command,
Director of Academics at Naval Aerospace Medical Institute, Pensacola, FL,
Interim Executive Officer, Navy Medicine Operational Training Command.

CAPT Littel is board certified in Aerospace Physiology by the Aerospace Medical Association. He is a member of the Defense Acquisition Corps and holds Level II DAWIA certification in Program Management, Systems Engineering and Test & Evaluation. He also holds secondary subspecialty codes in Education & Training Management (3150), Financial Management (3100), and Human Systems Integration (4600).

He was selected as the Naval Aerospace Physiologist of the Year in 2002 by BUMED and the Naval Aerospace Physiology Program Planning Committee, as the General Spruance Award recipient in 2005 and 2012, and as a Team Leader for the Team Achievement Award in 2019 by the SAFE Association for outstanding contributions to safety through education and training. His personal decorations include Meritorious Service Medal (four awards), Navy and Marine Corps Commendation Medal (four awards), Navy Achievement Medal and multiple unit awards.
