BUMED INSTRUCTION 5030.3B

From: Chief, Bureau of Medicine and Surgery

Subj: NAVY MEDICINE LOGOS, CORPS SEALS, AND BRAND GUIDANCE

Encl: (1) Navy Medicine Logos, Corps Seals, and Brand Guidance

1. **Purpose.** To publish the Navy Medicine (NAVMED) organizational logos, Corps emblems, for all budget submitting office (BSO) 18 activities. This instruction is a complete revision and should be reviewed in its entirety.

2. **Cancellation.** BUMEDINST 5030.3A.

3. **Scope and Applicability.** This instruction applies to all BSO-18 activities.

4. **Background.** Branding elements, including organizational logos and seals, are powerful tools used to establish a memorable and recognizable identity with audiences and customers. NAVMED ensures a medically ready force and a ready medical force around the globe and is an acknowledged leader in medicine and medical research. The use of an easily identifiable logo, seals, and key messages will help further establish our identity as a cohesive team of healthcare professionals with Sailors, Marines, the Department of Defense, and the general public.

5. **Action.** Enclosure (1), provides guidance for all BSO-18 activities. All questions regarding the use of the NAVMED logo or Corps seals may be directed to BUMED Communications at usn.ncr.bumedfchva.list.bumed-pao@mail.mil.

6. **Records Management**
   
   a. Records created as a result of this instruction, regardless of format or media, must be maintained and dispositioned per the records disposition schedules located on the Department of the Navy (DON) Directorate for Administration, Logistics, and Operations, Directives and Records Management Division portal page at https://portal.secnav.navy.mil/orgs/DUSNM/DONAA/DRM/Records-and-Information-Management/Approved%20Record%20Schedules/Forms/AllItems.aspx.

   b. For questions concerning the management of records related to this instruction or the records disposition schedules, please contact the local records manager or the DON Directorate for Administration, Logistics, and Operations, Directives and Records Management Division program office.
7. **Review and Effective Date.** Per OPNAVINST 5215.17A, Communications (BUMED-M09B7) will review this instruction annually around the anniversary of its issuance date to ensure applicability, currency, and consistency with Federal, Department of Defense, Secretary of the Navy, and Navy policy and statutory authority using OPNAV 5215/40 Review of Instruction. This instruction will be in effect for 10 years, unless revised or cancelled in the interim, and will be reissued by the 10-year anniversary date if it is still required, unless it meets one of the exceptions in OPNAVINST 5215.17A, paragraph 9. Otherwise, if the instruction is no longer required, it will be processed for cancellation as soon as the need for cancellation is known following guidance in OPNAV Manual 5215.1 of May 2016.

Releasability and distribution:
This instruction is cleared for public release and is available electronically only via the Navy Medicine Web site, [http://www.med.navy.mil/directives/Pages/BUMEDInstructions.aspx](http://www.med.navy.mil/directives/Pages/BUMEDInstructions.aspx)
NAVY MEDICINE LOGOS, CORPS SEALS, AND BRAND GUIDANCE

1. Overview of Branding Principles
   a. Branding emulates best industry practice and helps associate NAVMED with quality care worldwide. Brand recognition and consistency in messaging are central to our communication efforts. Our brand is a commitment to our Sailors and Marines that NAVMED will live up to their expectations of projecting “Medical Power for Naval Superiority.”

   b. The unique identity created through the NAVMED logos, Corps seals, and branding strategy are an asset to the organization over the long-term as outlined:

      (1) Allows us to differentiate ourselves from other Federal agencies and private sector healthcare organizations.

      (2) Helps create a long-lasting, easily recognizable identity for our target audiences; conveys value perceived as high quality, reliable care; and builds loyalty resulting in recruitment and retention.

      (3) Helps the entire organization unite as a cohesive team with common symbols.

   c. Branding guidelines have been developed to create and maintain consistency and assist NAVMED staff in preparing and disseminating information using the NAVMED logos and Corps seals.

2. NAVMED Echelon 2 Logo
   a. The NAVMED echelon 2 logo, as depicted in figure 7-1, is a primary graphic element for our branding effort. Consistent application and precise production of the logo will identify and reinforce public awareness of NAVMED. The logo will be used for all official NAVMED electronic and print communications.

   b. The NAVMED echelon 2 logo consists of several key elements:

      (1) Red Cross. Internationally recognized as a symbol of medical care and represents our mission.

      (2) Golden Rope. Signifies our bond to naval tradition.

      (3) Serpent, Caduceus, and Anchor. On the foreground, the serpent wraps around the shank of an anchor producing the dual image of an “Anchor” and a “Caduceus.” The Anchor has long been a symbol of the U.S. Navy (USN). The use of the entwined serpent recalls the Caduceus (staff), an ancient symbol of healing.
(4) NAVMED Motto. “Medical Power for Naval Superiority”

(5) Blue and Green Quadrants. Represents both land and sea and symbolizes a united force between USN and U.S. Marine Corps (USMC) to ensure naval maritime superiority.

(6) Inner Red and Gold Rings. Official USMC colors and NAVMED’s enduring support to their mission.

(7) Font. All caps, Arial.

3. NAVMED Echelon 3 Logos

a. The NAVMED echelon 3 logos, as depicted in figures 7-2, through 7-4, are similar in presentation to the NAVMED logo, furthering our branding effort. The applicable logo will be used for all official NAVMED electronic and print communications for each individual command.

b. The NAVMED echelon 3 logos consist of several common elements to enhance the nesting effect from one echelon to the next. The main difference is the innermost gray circle which contains a map of the world highlighting the world-wide service of NAVMED.

(1) Naval Medical Forces Pacific depicts the Pacific Ocean as its primary operating area.

(2) Naval Medical Forces Atlantic focuses on the Atlantic Ocean side of the globe.

(3) Naval Medical Forces Support Command shows a globe with silhouettes of a destroyer, aircraft carrier, and submarine as well as a torch on the top of the circle to highlight their mission of training medical personnel for service in operational environments around the world.

4. Navy Medicine Echelon 4 and 5 Logos. New NAVMED echelon 4 and 5 logos are to be designed using a similar template with localization in the innermost blue circle. Echelon 4 and 5 logos will be similar in presentation to the NAVMED logo, furthering our branding effort. Each Navy Medicine Readiness and Training Command and Navy Medicine Readiness and Training Unit logo will be approved by BUMED-M09B7 before being used. Once approved, the logos will be used for all official NAVMED electronic and print communications for each individual command.

5. The Corps Seals

a. Community-specific insignias have been a part of NAVMED since 1826. Beginning in 1886, the Navy Uniform Board adopted the gold spread oak leaf and silver acorn design. These
elements would be adapted into the insignia designs of each of NAVMED’s four Staff Corps. In March 2017, community-specific seals representing NAVMED’s Staff Corps, Hospital Corps, and the Civilian Corps were standardized.

b. The Corps seals, as depicted in figures 7-6 through 7-11, are subsidiary graphic elements for our branding program. Consistent application and precise production of these seals will identify and reinforce audience awareness of the Corps within NAVMED. The seals may be used for a variety of official NAVMED electronic and print communications.

c. Each Corps seal features the Corps insignia resting on a light blue background within two concentric circles. The inner circle is marked by a light blue band. The outer circle is Navy blue ringed by a gold rope band. Two gold stars flank the inner circle. Corps seals are distinguished in subparagraphs 5c(1) through 5c(6):

   (1) **Medical Corps.** Established in March 1871, the Medical Corps is represented by a spread oak leaf (gold) with acorn (silver) in the center. Text inside outer circle reads “MEDICAL CORPS” (top) and “UNITED STATES NAVY” (bottom).

   (2) **Hospital Corps.** Established in June 1898, the Hospital Corps is represented by a caduceus (silver). Text inside outer circle reads “HOSPITAL CORPS” (top) and “UNITED STATES NAVY” (bottom).

   (3) **Nurse Corps.** Established in 1908, the Nurse Corps is represented by a spread oak leaf (gold) and banner with the year of its formation. Text inside outer circle reads “NURSE CORPS” (top) and “UNITED STATES NAVY” (bottom).

   (4) **Dental Corps.** Established in August 1912, the Dental Corps is represented by a spread oak leaf (gold) with two acorns at the base (silver). Text inside outer circle reads “DENTAL CORPS” (top) and “UNITED STATES NAVY” (bottom).

   (5) **Medical Service Corps.** Established in 1947, the Medical Service Corps is represented by spread oak leaf and “angled-twigs” (gold) symbolizing the “support” provided to NAVMED. Text inside the outer circle reads “MEDICAL SERVICE CORPS” (top) and “UNITED STATES NAVY” (bottom).

   (6) **Civilian Corps.** The four-pointed star is a symbol of stability, used to represent the Federal Civilian Workforce. A blue caduceus rests within the star. Behind, the insignia’s red element invokes life, medicine and healing, while the green laurel wreath recalls the USMC. Text inside the outer circle reads “CIVILIAN CORPS” (top) and “NAVY MEDICINE” (bottom).
6. **Appropriate Use of Logos and Corps Seals**

   a. Chief, BUMED has approved echelon 2 and 3, and will coordinate approval of Navy Medicine Readiness and Training Command and Navy Medicine Readiness and Training Unit logos. BUMED-M09B7 must review and approve alternate versions of the logos or Corps seals. E-mail BUMED Communications at usn.ncr.bumedfchva.list.bumed-pao@mail.mil for additional information.

   b. In unique circumstances where a circular logo is not appropriate, contact BUMED-M09B7 to discuss alternative layouts. Exceptions will be approved on a case-by-case basis.

   c. The NAVMED logos are an easily recognizable reference to our organization and commands should use them to maximize exposure for our audiences as outlined:

      (1) Command quarterdeck.

      (2) Command suite or offices.

      (3) Command Web site, to include the home page.

      (4) Command newspapers and newsletters, where applicable.

      (5) Command press releases and media kits.

      (6) Business cards, specific format provided in paragraph 12.

      (7) PowerPoint presentations, refer to paragraph 13.

      (8) Promotional items and electronic media, especially those aimed at public audiences.

      (9) Banners and poster boards used at conferences, media events, health fairs, meetings, and prominently placed on display in strategic areas throughout NAVMED facilities.

      (10) Decals, patches, and coins as authorized by appropriate purchasing regulations.

      (11) Social media outlets.

   d. The Corps seals are representative symbols of their respective Corps, and commands should use as outlined:

      (1) Corps-specific ceremonies and events, such as retirements.

      (2) Command offices.
(3) Banners and poster boards used at conferences, health fairs, or meetings.

(4) Command newspapers and newsletters, where applicable.

(5) PowerPoint presentations, refer to paragraph 13.

(6) For use on existing social media and electronic outlets.

(7) Decals, patches, and coins as authorized by appropriate purchasing regulations.

e. Subparagraphs 6e(1) through 6e(11) are considered as an inappropriate use of the NAVMED’s logos or Corps seals:

   (1) Altering the original proportions of any part of the graphics.

   (2) Using the logos without the embedded text.

   (3) Altering or relocating the logos or seals text.

   (4) Substituting another typeface. Refer to paragraph 8 of this enclosure for proper typeface.

   (5) Substituting any other colors. Refer to paragraph 9 of this enclosure for proper colors.

   (6) Adding any additional decorative devices such as drop shadows, outlines, or 3-D effects.

   (7) Allowing type, photographs, or other graphic devices to infringe upon the mandated clear space, outlined in subparagraph 7c of this enclosure.

   (8) Using the logos or Corps seals on colored backgrounds, materials, or photographs that do not allow sufficient contrast.

   (9) Enclosing the logos or Corps seals in a shape, or combining them with other design elements.

   (10) Reproducing the logos or Corps seals smaller than the recommended size in subparagraph 7d.
(11) Using the logos or Corps seals in any manner that is derogatory to or critical of NAVMED or the USN.

7. Additional Guidance for Appropriate Utilization

a. Command Logos and Seals. The NAVMED echelon 2 logo and Corps seals are intended to complement, not replace, other official symbols, such as the DON seal or respective command logos.

b. Location of the Logos and Corps Seals. The primary placement, whenever appropriate, of the NAVMED echelon 2 logo and Corps seals must be in the upper left corner of all communication products created by any NAVMED activity. If the NAVMED echelon 2 logo is used, echelon 3 through 5 logos can be in the upper right corner of all communications products.

c. Borders and Spacing. Unless otherwise approved by BUMED-M09B7, when NAVMED logos or Corps seals are used, a minimum ¼ inch of clear space must be maintained between the logo or Corps seals and any other objects – other logos, borders, edges, etc., – on small media such as business cards. At a minimum, ¼ inch of clear space must be left between the logo or Corps seals and written material. On larger media, such as posters and banners, a minimum of ½ inch of clear space must be maintained on all sides of the logo or Corps seals.

d. Minimum Size. The integrity of all logo and Corps seal elements must be maintained; unless otherwise approved by BUMED-M09B7.

e. Artwork. Electronic files for the logo are available for download from the NAVMED intranet. If unable to access, contact BUMED-M09B7 at usn.ncr.bumedfchva.list.bumed-pao@mail.mil.
8. **Typeface.** Visual continuity for branding requires consistent typography. Arial is the standard for NAVMED commands. Times New Roman, bold is the standard font used for all Corps seals. All typography must align centrally to fit between the circular perimeter rules.

9. **Logo and Brand Colors**

   a. Color is an important element for the consistent and recognizable application of NAVMED logos. The logos will appear in 4-color process unless a black and white version is necessary due to a one color (black) document. The specific Pantones, RGB, Hexidecimal and CMYK colors are listed in figure 9-1. When placing logos on print media, use the color scheme most appropriate to your audience and budget.
b. If approved by BUMED-M09B7, the one color logo must appear on a white background.

Figure 9-1  Navy Medicine Command Logo Color Palate

10. **File Formats.** Resolution of logos and Corps seals:
   
a. 72 dots per inch (dpi) is recommended for web use.

b. 300 dpi at 100 percent of reproduction size must be used for print marketing products.
   
   (1) **High Resolution (JPEG/TIFF, 300 dpi).** Optimized for documentations that need to be printed using in-house printers.

   (2) **High Resolution (TIFF/EPS, CMYK, 300 dpi).** Optimized for print products when process color (4-color CMYK) is used.

11. **Logos and Corp Seal Reproduction.** Proper Sizing Technique. When NAVMED logos or Corps seals are reproduced, they must retain their original ratios without exception. To scale both width and height proportionally on two sides of the logo in Microsoft Office applications, click on the logo. Then, while simultaneously holding the “shift” key, drag the sizing handles at any corner of the logo. To scale all four sides at the same time, click on the logo, then simultaneously hold the “ctrl” key and drag the sizing handles at any corner of the logo.

12. **Business Cards**

   a. The NAVMED logos may be used for business cards. Commands may develop their own template, in coordination with the command public affairs officer.
b. Continued use of command-specific logos is encouraged. The NAVMED echelon 2 logo may be used on business cards at the commanding officer’s discretion.

c. Business card guidelines:

   Size: 3½ x 2 inches
   Required content: Name, title, command, address, e-mail, and telephone number (commercial and DSN, where available)
   Paper: Natural White

13. Presentations. All NAVMED organizations are encouraged to use the NAVMED logo in official presentations. Command logos and the DON seal may also be used. A PowerPoint template is available at https://es.med.navy.mil/bumed/Pages/Logo.aspx.
