

Post Deployment Health Assessment (PDHA)

Below are the instructions on how to access the EDHA Database:

1-Website: <https://data.nmcphc.med.navy.mil/EDHA/login.aspx>

2-Enter your login ID and password if you have used the database in the past, or click on "New User" if this is the first time you are using the database.

The passphrase is: **Devildog09!** (cap sensitive).

3-If you are a new user, please complete the registration form.

4-Click on "New Survey."

5-Click on "DD2900-Post deployment Health Reassessment."

6-Complete the survey, then hit "Save."

7-Please call 703-784-1732 for a provider appointment at Mainside's Deployment Health Clinic

***If you have any questions, please contact Robin Topley at 703-784-1733**

The PDHRA is a program mandated by the Assistant Secretary of Defense for Health Affairs that was designed to identify and address health concerns, with specific emphasis on mental health, which may have developed over time since deployment. The PDHRA provides for a second health assessment by a provider using the electronic DD Form 2900 during the 3 to 6 month time period following deployment return. Service members that have deployed after 20 March 2004 are required to have a completed PDHRA documented in their medical record and the Electronic Deployment Health Assessment (EDHA) database via the Navy Environmental Health Center (NEHC) (see MARADMIN 283/06).
