The HCW shall make no use of the Government facilities or property provided under the Contract in connection with other employment. (NAVMED P-117, Chapter 1, Article 1-22 applies (<http://www.med.navy.mil/directives/Pages/NAVMEDP-MANMED.aspx>)).

1.7. The HCW shall be neat, clean, well-groomed and in appropriate clothing when in patient care and public areas. All clothing shall be free of visible dirt and stains and shall fit correctly. 1.10. The HCW shall arrive for each scheduled shift in a well-rested condition and shall have had at least 6 hours of rest immediately prior to reporting for the shift.

1.11. The HCW shall become acquainted with and obey all station regulations, shall perform in a manner to preclude the waste of utilities, and shall not use Government property for personal business. All motor vehicles operated on these installations by the HCW shall be registered with the base security service according to applicable directives. Eating by the HCW is prohibited in patient care areas and is restricted to designated areas. Smoking is prohibited in all facilities; the HCW shall comply with the rules and regulations of the MTF.

1.12. The HCW shall comply with all MTF checkout processes. These processes include returning Government property, i.e., identification badges, pagers, cellular phones, etc., to the MTF upon the HCW's last day of service. Failure to do so promptly may result in delay of payment of the final invoice.

1.13. All financial, statistical, personnel and technical data which is furnished, produced or otherwise available to the Contractor during the performance of the Contract are considered confidential business information and shall not be used for purposes other than performance of work under the Contract. Such data shall not be released by the Contractor without prior written consent of the Command Representative. Any presentation of any statistical or analytical materials, or any reports based on information obtained from studies covered by the Contract, will be subject to review and approval by the Command Representative before publication or dissemination.

1.14. The Secretary of the Navy has determined that the illegal possession or use of drugs and paraphernalia in a military setting contributes directly to military drug abuse and undermines Command efforts to eliminate drug abuse among military personnel. The policy of the Department of the Navy (including the Marine Corps) is to deter and detect drug offenses on military installations. Measures to be taken to identify drug offenses on military installations, and to prevent introduction of illegal drugs and paraphernalia, include routine random inspection of vehicles while entering or leaving with drug detection dogs when available, and random inspection of personal

possessions on entry or exit. If there is probable cause to believe that a HCW has been engaged in use, possession, or trafficking of drugs, the HCW may be detained for a limited period of time until he or she can be removed from the installation or turned over to local law enforcement personnel having jurisdiction. When illegal drugs are discovered in the course of an inspection or search of a vehicle operated by a HCW, the HCW and vehicle may be detained for a reasonable period of time necessary to surrender the individual and vehicle to appropriate civil law enforcement personnel. Action may be taken to suspend, revoke, or deny installation driving privileges. Implicit with the acceptance of the Contract is the agreement by the HCW to comply with all Federal and State laws as well as regulations issued by the Commanding Officer of the military installation concerning illegal drugs and paraphernalia.

1.15. Due to the nature of medical personal services which require Government supervision, the need for HCW access to CHCS/AHLTA, and patients that present only at the MTF, the Contract does not lend itself to allow the HCW to telecommute.

1.16. Comply with the standards of the Joint Commission, applicable provisions of law and the rules and regulations of any and all Governmental authorities pertaining to licensure and regulation of health care personnel and medical treatment facilities, the regulations and standards of medical practice of the MTF and the bylaws of the hospital's medical staff. Adhere to and comply with all Department of the Navy, Bureau of Medicine and Surgery and local Clinic instructions and notices that may be in effect during the term of the Contract.

2. DUTY HOURS.

2.1. The HCW shall be on duty in the assigned clinical area for 40 hours each week between the hours of 0700 and 1800. The HCW shall normally provide services for an 8.5 or 9 hour period (to include an uncompensated .5 or 1 hour for lunch depending on shift length), Monday through Friday. Specific hours shall be scheduled one month in advance by the Commanding Officer. Any changes in the schedule shall be coordinated between the HCW and the Government.

2.2. When required, to ensure completion of services that extend beyond the normal close of business, the HCW shall remain on duty in excess of the scheduled shift. The HCW will be given an equal amount of compensatory time to be scheduled upon mutual agreement of the HCW and the Commanding Officer. The HCW shall use all compensatory time within a two week period. All unused compensatory leave will be forfeited, if not used at the end of the period of performance. If the Contract is terminated, there will be no reimbursement for any accrued compensatory time balance. In the event the HCW give notice, all compensatory time must be used with the notice period or forfeited. This provision is not intended to apply to the time required to complete routine tasks (e.g., completion of paperwork or routine administrative tasks at the end of a shift), which are to be completed as part of the shift.

2.3. The HCW's services shall not be required on federally observed holidays. The HCW shall be compensated for federally observed holidays in accordance with paragraph 3.5., below.

2.4. The Commanding Officer or designated Government representative will supervise the HCW.

3. ABSENCES AND LEAVE.

3.1. Eight (8) hours of personal leave are accrued by the HCW at the end of every 80 hour period worked. This leave shall be used for both planned (vacation) and unplanned (sickness) absences. The HCW shall request, in writing to the Commanding Officer, 15 days in advance any planned absences from assigned duties.

3.2. Unless otherwise negotiated between the Contracting Officer, the Supervisor and the HCW, the MTF will administer the HCW's leave in accordance with the guidelines for Federal civil service employees. These guidelines relate to, among other topics, annual leave, administrative leave, Leave Without Pay (LWOP) and holidays.

3.3. If the HCW is absent for three or more consecutive days due to illness, he or she may be required by the Commanding Officer to provide written documentation from a qualified health care provider that he or she is free from communicable disease and the cause of the HCW's current illness. The Government reserves the right to examine and/or re-examine any HCW who meets this criterion.

3.4. At the discretion of the Commanding Officer, up to 80 hours of accrued leave may be carried over from one performance period to the next, as long as the balance carried over is used within 90 days of the new performance period. This contingency for leave carry over does not apply if the following option period is not exercised by the Government or during the last option year of the Contract. This position is for a period beginning from the start date with options to extend the Contract for a total of two years. The Contract will be renewable each year at the option of the Navy. **If the Contract is terminated, there will be no reimbursement for any accrued leave balance.** In the event that the HCW gives notice of employment termination, all accrued annual leave must be used within that notice period, or forfeited. Unplanned leave (i.e. leave taken for sickness) taken during this period shall be supported by a physician's statement of illness upon request.

3.5. The HCW will accrue a maximum of 80 hours of paid holiday leave per full year of performance (based on 10 holidays multiplied by 8 hours each), subject to change based on Executive Orders that have the effect of adding an additional holiday. The HCW will not accrue a total holiday benefit greater than 80 hours as a result of normally working shifts greater than 8 hours. The only exception to the 80 hour limitation is for implementation of local alternate work schedule procedures or as a result of an Executive Order. If the HCW is required to work on the day of observance of a Federal holiday, the Government will pay for the hours worked and the worker shall receive 8 hours of paid compensatory time to be taken on another day. If the HCW is not required to work on the day of observance of a Federal holiday, the Government will pay for 8 hours of holiday leave. Application of this paragraph to shift schedules of other than 8 hours is a function of supervisor scheduling and the HCW application for leave and compensatory time off. If additional Federal holidays are created as a result of an Executive Order, a modification will be negotiated.

3.6. Occasionally, the HCW may be required to work beyond their schedule shift, this time shall be compensatory time off.

3.7. The HCW with a bona fide medical emergency occurring while on duty or with an on-the-job injury will be provided stabilizing medical care according to the procedures of the MTF. The HCW will reimburse the Government for all medical services provided unless the HCW is otherwise entitled to Government medical services.

3.8. Only the Commanding Officer has the authority to grant LWOP for unusual and compelling circumstances. Leave without pay must be approved in advance and will only be approved after all other leave has been exhausted.

3.9. Continuing Education. The Commanding Officer may also grant authorization for planned absences to allow the HCW to attend continuing education courses. This is in addition to the planned and unplanned absences specified above. The Government may compensate the HCW for these periods of authorized absence if the continuing education course(s) are determined to be a necessary expense by the government. This determination will be made on a case by case basis, weighing the costs associated with the training of Contractor personnel against the benefit gained by the Government in support of the appropriation that will incur the expense. This compensation will not exceed 40 hours per Contract period, equivalently apportioned for part-time services and/or partial year performance periods. The Commanding Officer may also advance leave for continuing education.

3.9.1. Unless authorized in advance, the Government will not reimburse the HCW for the cost of any training and/or other related expenses (travel). If authorized, the Contractor shall be compensated for those expenses deemed reasonable using a Travel/Training Contract Line Item Number (CLIN) in Section B. The HCW shall provide proof of attendance and successful completion of continuing education to the Commanding Officer upon request.

3.9.2. The HCW shall submit an invoice in accordance with Wide Area Work Flow (WAWF) instructions itemizing expenses in amounts allowable by the Command Representative. (See Section G.)

3.9.3. All reimbursements will be retrospective, payable only upon presentation of a properly prepared invoice (as specified by the facility) to the Command Representative. The Government shall reimburse the HCW only for actual training costs incurred, and any authorized travel expenses deemed reasonable.

3.9.4. The Government reserves the right to require additional documentation, including memoranda from the HCW obtaining the training.

3.9.5. Such training shall not be conducted prior to the appropriate funding being applied to the Contract.

3.10. Military Reserve Duty. During MTF check-in processing, the HCW shall report their reserve status to the MTF Command Representative. Documented military leave for military reservists may be allowed, not to exceed 15 days per next fiscal year, in accordance with 5 U.S.C. 6323(a). This leave may be taken intermittently, i.e., 1 day at a time, and may be carried over into the next fiscal year provided an additional option period under the Contract has been exercised. Military reservists who perform full-time military service as a result of a call or order to active duty in support of a contingency operation may take up to 22 days per calendar year of military leave, in accordance with 5 U.S.C. 6323(b). If leave is approved, it will be provided on a prorated basis for periods of performance less than 12 months in the fiscal year. Documented military leave taken in accordance with 5 U.S.C. 6323(a) and (b) is compensated leave. HCWs shall follow the policy of the MTF with respect to notification of scheduled military duties to the Commanding Officer.

3.11. For unusual and compelling circumstances (e.g., weather emergencies) in which the Commanding Officer either excuses all facility personnel from reporting to work or dismisses all personnel early, the Commanding Officer is authorized to grant administrative leave to the HCW. This administrative leave may be compensated leave.

3.12. Furlough. Except as otherwise provided in this paragraph or unless specifically authorized in a DoD Appropriations Act or a continuing resolution, the obligation of the Contractor to perform services under the Contract, and the Government's obligation to pay for such services, shall be suspended during a Government furlough. In the event of a Government furlough, the Commanding Officer will determine which Contractor employees are considered "essential" and therefore must report to work. Only Contractor employees deemed "essential" by the Government shall be compensated for services rendered during a furlough. All other Contractor employees will be furloughed until the Government shutdown ends or the Command Representative notifies them that they have become "essential" employees.

4. DUTIES AND RESPONSIBILITIES. The HCW shall perform a full range of Licensed Clinical Social Worker procedures on-site, within the scope of clinical privileges granted by the Commanding Officer, using government furnished facilities, supplies and equipment. Workload occurs as a result of either scheduled or unscheduled requirements for care. The HCW is responsible for a full range of diagnostic examinations, the development of comprehensive treatment plans when indicated, delivery of treatment within the personnel and equipment capabilities of the treatment facility, provision of mandated medical surveillance and preventive services, and the quality and timeliness of treatment records and reports required to document procedures performed and care provided. The HCW shall refer patients to staff specialists for consultation opinions and continuation of care and shall see the patients of other government staff health care providers who have been referred for consultation and treatment. The HCW's productivity is expected to be comparable to that of other Licensed Clinical Social Worker assigned to the same facility and authorized the same scope of practice. Services provided under this contract comply with the National Association for Social Workers (NASWs') Standards for Clinical Social Work; Standards of the Joint Commission on Accreditation of Healthcare Organizations; and other applicable credentialing and accreditation agencies and applicable provisions of law and the rules and regulations of any and all governmental authorities pertaining to: (a) Licensure and/or regulation of healthcare personnel in treatment facilities, and (b) the regulations and standards of professional practice of the treatment facility, and (c) the bylaws of the treatment facility's professional staff.

4.1. Administrative and Training Requirements. The HCW shall provide training and/or technical direction as applicable to supporting Government employees (i.e. hospital Corpsman, LPNs, RNs) during the performance of clinical procedures. The HCW shall perform limited administrative duties which include maintaining clinical workload, participating in educational programs and participating in clinical staff quality assurance functions and process action team, as prescribed by the Commanding Officer. The HCW shall:

4.1.2. Attend and/or comply with all annual training classes required by the Command, to include but not limited to online annual training provided by the MTF.

4.1.3. Participate in the implementation of the Family Advocacy Program as directed. Participation shall include, but not be limited to, appropriate medical examination, documentation and reporting.

4.1.4. Attend Composite Health Care System (CHCS)/Armed Forces Health Longitudinal Technology (AHLTA) training provided by the Government for a minimum of four (4) hours, and up to a maximum of 40 hours.

4.1.5. Comply with the Health Insurance Portability and Accountability (Act HIPAA privacy and security policies of the treatment facility. Providers shall obtain/maintain a National Provider Identifier (NPI) in accordance with DoD and MTF policy/instruction.

4.1.6. Be officially evaluated at least semi-annually on performance and adherence to requirements of this contract.

4.1.7. Participate in executing the Emergency Preparedness Plan (drills and actual emergencies) as scheduled by the MTF (typically semiannually). A MTF personnel re-call list with personal contact information for all military, civil service and Contract employees is required to prepare in advance for an actual emergency. The HCW shall provide personal contact information to the designated supervisor upon commencement of services. Should an emergency occur, the HCW shall be contacted with shift information and for accountability purposes.

BUMED Instruction 6010.30, enclosure 6 details the CR requirements. BUMEDINST 6010.30 is available from the Command Representative.

5.2. If, during the Government's evaluation of the CR a negative current clinical competency assessment is determined, it will bring the MTF's consideration of the HCW's application for credentialing/privileging to an immediate close. Since granting credentialing/privileging is required as a condition of employment under this contract, a negative current clinical assessment will result in the issuance of a contract termination notice by the contracting officer under the clause at FAR 52.249-12.

5.3. If clinical privileges have been summarily suspended or are being held in abeyance, pending an investigation into questions of professional ethics or conduct, performance under this contract may be suspended until clinical privileges are reinstated. The requirements are provided on the HEALTH EXAMINATION AND

IMMUNIZATION/SCREENING REQUIREMENT FORM, the current version of which is available at: <http://www.nmlc.med.navy.mil/handbooks/Physical%20Exam%20and%20Immunization%20Form.pdf>. The Contractor shall always obtain the current version from the web page and shall have the form completed in its entirety in accordance with its instructions. The facility shall identify any incumbent HCW who are not required to complete this documentation after Contract award. Declinations shall only be permitted based on either the HCW's religious convictions or medical contraindications (as documented by a qualified health care provider). The Hepatitis B vaccine declination can be found on the World Wide Web at <http://www.osha.gov/SLTC/etools/hospital/hazards/bbp/declination.html>.

7.2.1.1. Except for the HCW who decline Hepatitis B vaccine as given above, the Hepatitis B requirements given in the HEALTH EXAMINATION AND IMMUNIZATION/SCREENING REQUIREMENT FORM, provide that the HCW must either show a positive titer or demonstrate persistent non-response to the vaccine. The HCW may be approved for service at the MTF prior to achieving a Hepatitis B positive titer or demonstrating a persistent non-response according to the following provisions:

7.2.1.1.1. 7.2.3. The HCW shall agree to undergo personal health examinations and such other medical and dental examinations at any time during the term of the Contract, as the Commanding Officer may deem necessary for preventive medicine, medical surveillance, performance improvement, or privileging purposes. These examinations will be provided by the Government. If the Contractor chooses, these examinations may be provided by private physician or dentist, at no expense to the Government.

7.2.4. It is essential that the HCW be vaccinated annually against influenza according to Bureau of Medicine and Surgery, (BUMED) and Centers for Disease Control (CDC) guidelines aimed at reducing the impact of influenza disease in health care settings. The Government will provide the influenza vaccine free of charge. If the HCW chooses to be immunized by the Government, the HCW shall sign a waiver releasing the Government from legal liability in accordance with local procedures and policies. Alternately, the HCW may obtain the vaccine at another facility, with the HCW bearing the total cost, and provide proof of vaccination to the Government. If the HCW declines vaccination, a signed declination form shall be provided to the Government in accordance with CDC recommendations and MTF policies.

7.2.5. The HCW who does not show a positive antibody titer after immunization and appears to have a "non-immune" status must report varicella exposure to the Command Representative. In accordance with CDC Recommendations, the HCW may be removed from patient care duties beginning on the tenth day following exposure and remain away from work for the maximum incubation period of varicella (21 days). In this instance, the HCW will be considered to be in a leave status.

7.2.6. Prior to reporting for service at an MTF, each contract HCW shall be screened at Contractor expense for risk of exposure to tuberculosis (TB) as part of the Health Examination and Immunization/Screening Requirement Form in 7.2.1. If the HCW is determined to have a low risk of exposure, no further screening or testing is required under this Contract. The initial screening may be waived, at the discretion of the MTF, if the Contractor provides evidence of a prior low risk assessment by a licensed physician. If the initial screening results in a determination that the HCW has an increased risk of exposure to TB, the Contractor is responsible for ensuring that the HCW receives targeted screening and testing in accordance with CDC Guidelines for Health-Care Settings and submitting timely records of subsequent screening or testing to the Command Representative .

7.2.7. BLOODBORNE PATHOGEN ORIENTATION PROGRAM. The HCW shall participate in the Command's Blood borne Pathogen Orientation Program. The HCW shall also participate in all required annual training and in periodic training for all procedures that have the potential for occupational exposure to blood borne pathogens.

7.2.8. MANAGEMENT OF HIV POSITIVE HCWs. The human immunodeficiency virus HIV positive HCW will be managed in accordance with the current CDC guidelines and Section 503 of the Rehabilitation Act (29 U.S.C. 793) and its implementing regulations (41 CFR Part 60-741).

7.2.10. MANAGING THE CLINICAL RISK IN THE WORK ENVIRONMENT. The work environment inherently involves risks typically associated with the performance of clinical procedures. The HCW may be exposed to contagious disease, infections and flying debris, requiring the wearing of personal protection equipment such as scrub attire, gloves, masks, and eye protection.

Enterprise-wide Contractor Manpower Reporting Application (ECMRA)

The contractor shall report contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract **for Navy** via a secure data collection site. NAVY USE OF ABILITYONE SUPPORT CONTRACTOR

NAVSUP FLC Yokosuka may utilize contractor support through the AbilityOne Program, as needed, to perform contract closeout functions for this acquisition. Information, including business sensitive/confidential or proprietary data, that the offeror provides to the Government or information already in the possession of the Government may be viewed and utilized by the AbilityOne Program support contractor personnel during the course of its contract

performance. The information that may be made available to the support contractor may include, for example, pricing and technical proposals, historical contract, pricing and performance information, Commercial Asset Visibility (CAV) reporting information and similar data/information.

By submission of a proposal in response to this solicitation, the offeror and its subcontractors consent to a release of their business sensitive/confidential or proprietary data to the Government's AbilityOne Program support contractor personnel in order to perform close out services. Prior to the release of any such information to the support contractor, the support contractor will have in place with the Government a Non-Disclosure/Non-Use Agreement in accordance with the terms of the AbilityOne Program support contract.

Offerors may execute their own Non-Disclosure Agreement with the AbilityOne Program (AbilityOne contact information available from the contracting point of contact). The support contractor must provide copies of the executed agreements to the Contracting Officer and the Contracting Officer's Representative (COR) for the support contract; and the offeror/contractor for this acquisition must provide copies of the executed Agreement to the Contracting Officer for this acquisition. If the offeror/contractor seeks such a Non-Disclosure Agreement with the AbilityOne Program support contractor, the Agreement must be executed no later than the date of final delivery under the resulting NAVSUP FLC Yokosuka contract.

Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager upon arrival to the Command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance of the performance start date.

Definition of “productive”:

- a. Visit Authorization Request (VAR)
- b. Contractor Information Sheet (CIS)
- c. Completed EQIP (Electronic Investigation)
- d. All contractor resource(s) must have an active JPAS profile.
- e. Common Access Card (CAC)

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEMS

In accordance with (IAW) Secretary of the Navy (SECNAV) M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to sensitive information. Sensitive information includes information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity’s Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) or T5 or T5R equivalent investigation, which is a higher level investigation than the National Agency Check with Law and Credit (NACLC)/T3/T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee’s duties, such employees shall in-process with the Navy Command’s CSM and ISSM/IAM upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual’s performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the “supervisor”.

The SAAR-N shall be forwarded to the Command’s Security Manager at least 30 days prior to the individual’s start date. Failure to provide the required documentation at least 30 days prior to the individual’s start date may result in delaying the individual’s start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The Contractor’s Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

INTERIM ACCESS

The Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Contractor employees under this contract are recognized as Non-Critical Sensitive [ADP/IT-II] positions when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLIC or T3 or T3R equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The investigation consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be

forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Command Security Manager. The Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM); Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Command's Security Manager will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc. ...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a US citizen or a US permanent resident with a minimum of 3 years of legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and
- Must have a favorably completed National Agency Check with Written Inquiries (NACI) or T1 investigation equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM

Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

* Consult with your CSM and ISSM/IAM for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.

JAPANESE CONCILIATION PROCEDURES

(a) Except as otherwise provided in this contract any disagreement arising under this contract which is not resolved by the parties to this contract may be submitted to the US-Japan Joint Committee for conciliation in accordance with paragraph 10, Article XVIII, of the Status of Forces Agreement under Article VI of the Treaty of Mutual Cooperation and Security between Japan and the United States of America. (b) In the event the Contractor desires conciliation after the decision of the Contracting Officer has been served upon him, he will first file his appeal from such findings of fact within the time limits described therein before filing request for conciliation with the Joint Committee and then request for appellate authority under the clause of this contract entitled Disputes to suspend its action on his appeal until such time as the Joint Committee has had an opportunity for effecting conciliation.

(c) The request for conciliation will be submitted by the Contractor through the nearest local Japanese Defense Facilities Administration Bureau to the Contract Conciliation Panel of the Joint Committee. Upon the filing of the request with the Joint Committee, the Contractor will immediately notify the Contracting Officer in writing that the request for conciliation has been filed.

(d) In the event the disagreement submitted to the Joint Committee under subparagraph (b) above has been resolved through conciliation, it will be the responsibility of the Contractor to notify the appellate authority designated in the clause of this contract, entitled Disputes, of the settlement of the dispute and to withdraw his appeal.

(e) In the event the Contractor who has submitted a request for conciliation to the Joint Committee under subparagraph (b) above desires, notwithstanding the pending request for conciliation, that action by the appropriate authority under the clause of this contract entitled Disputes be resumed on his appeal, it is his responsibility to so request the said authority in writing. The Joint Committee shall be immediately informed by the Contractor of his action taken hereunder.

(f) No request for conciliation can be submitted to the Joint Committee in the case of a dispute upon which the final decision of the appropriate authority under the clause of this contract entitled Disputes has been rendered. Pending the hearing of conciliation panel the Contractor shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision. The provisions of this clause shall not prejudice any right which the parties to the contract may have to file a civil suit.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689).* (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

- (1) [____] Are, [____] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) [____] Have, [____] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and
- (3) [____] Are, [____] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) [____] Have, [____] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.
- (i) Taxes are considered delinquent if both of the following criteria apply:
- (A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
- (B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
- (ii) Examples.
- (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
- (i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). (2) The Contractor shall comply with the instructions of the Contracting Officer concerning the entry of its personnel, equipment, and supplies into Japan, applicable Japanese laws and regulations, and USFJ and USFJ-component policies and instructions during the performance of this contract. (iii) The Contractor shall request a determination of status under the SOFA for its eligible personnel through the Synchronized Predeployment and Operational Tracker (SPOT) system (see paragraph (f) of this clause). The Contracting Officer will approve a LOA generated in SPOT (see paragraph (c)(2) of this clause) indicating the SOFA status of the contractor personnel only after verifying that eligibility criteria described in USFJ Instruction 64-100 are met.

(iv) Contractor personnel dependent information is also required to be entered into SPOT as part of the employee record.

The importation and possession of firearms and weapons to perform services under a contract will be addressed separately in the contract.

(5) Offenses committed by the Contractor or contractor personnel may be subject to United States or host nation prosecution and/or civil liability (see paragraph (d) of this clause). Japan authorities have the right to exercise jurisdiction over SOFA-covered contractor personnel, including dependents, in relation to offenses committed in Japan and punishable by the law of Japan. In those cases in which the Japanese authorities have the primary right to exercise jurisdiction but

decide not to do so, the United States shall have the right to exercise such jurisdiction as is conferred on it by the law of the United States.

To initiate the process for a background investigation, the healthcare worker shall report to the Contracting Officer's Representative (COR) for specific MTF processing instructions, complete the appropriate portion of the SF 86, and obtain fingerprints for submittal to the Office of Personnel Management (OPM). Healthcare workers who have previously received a background check must provide proof of the check or obtain a new one.

(b) **Government Responsibilities:** The Government will conduct criminal background checks on all healthcare workers providing child care services under this contract based on fingerprints obtained by a Government law enforcement office (e.g., local, state, federal, etc.) and a completed SF 86 form (Questionnaire for Public Trust Positions). The Technical Liaison will identify the appropriate DoD Component for billing purposes and the appropriate security point of contact and/or installation commander who will receive the background results.

(c) **Miscellaneous Provisions:** The Healthcare worker has the right to obtain a copy of any background check pertaining to them and to challenge the accuracy and completeness of the information contained in the report. A background check that provides adverse information that is unable to be mitigated or resolved and ultimately prevents the healthcare worker from performing contract duties will result in contract termination. With written recommendation from the Commander, and the approval of the Contracting Officer, a healthcare worker with a background investigation pending completion may be permitted to perform work under this contract prior to the completion of the background check, provided the healthcare worker is within sight and continuous supervision of an individual with a successful background check.

(d) Unless HCW have a current security clearance, prospective employees shall be required to complete the Tier-3 level Background Investigation, which includes a Local Background Records Check, SF-86 Security Questionnaire (via E-QIP), and finger prints obtained upon arrival. ****If the final adjudication is found unfavorable, CAC card will be revoked and access to IT systems shall be terminated immediately**.**

CRIME CONTROL ACT OF 1990 REQUIREMENT

(a) Section 21 of the Crime Control Act of 1990, 42 U.S.C. 13041, as amended by section 1094 of Public Law 102-190, requires every facility operated by the Federal Government (or operated under contract with the Federal Government) that hires (or contracts to hire) individuals involved in the provision of child care services to assure that all existing and newly hired employees undergo a criminal background check. The term "child care services" is defined to include health and mental health care.

(b) The Government will conduct criminal background checks on the Contractor providing child care services under this contract based on fingerprints of the Contractor obtained by a Government law enforcement officer and inquiries conducted through the Federal Bureau of Investigation (FBI) and State criminal history repositories.

(c) Within 30 days after contract award, the Contractor shall provide all reasonable and necessary assistance to the Government, including compliance with the employment application requirements set forth in 42 U.S.C. 1304(d). Upon receipt of the results of a background check, the Contractor further agrees to undertake a personnel action in accordance with 42 U.S.C. 1304(c), when appropriate.

(d) The Contractor shall have the right to obtain a copy of any background check pertaining to itself and to challenge the accuracy and completeness of the information contained in the report.

INFORMATION TECHNOLOGY/SENSITIVE INFORMATION SECURITY REQUIREMENTS

(a) Contractor personnel shall meet the personnel security requirements for Sensitive and Information Technology (IT) positions outlined in Secretary of Navy (SECNAV) Manual M-5510.30 and SECNAV Instruction 5510.30 (most current version). Department of Navy (DON) IT positions include any position in which the incumbent has access to DON IT systems and/or performs IT-related duties with varying degrees of independence, privilege and/or ability to access and/or impact sensitive data and information. Use of CHCS and/or AHLTA is illustrative examples of such systems where security requirements apply.

(b) The same level of trustworthiness is required for contractor personnel as is required for Government personnel requiring similar access to and/or processing of proprietary data, information requiring protection under the Privacy Act of 1974, sensitive information, and Government-developed privileged information involving award of contracts; including user level access to DON or DOD networks and information systems, system security and network defense systems, or to system resources providing visual access and/or ability to input, delete or otherwise manipulate sensitive information without controls to identify and deny sensitive information. As such positions filled under this contract are designated as Non-Critical Sensitive (NCS), and IT-II.

(c) U.S. citizenship is a basic condition for assignment to a designated sensitive IT position. U.S. citizens who are also dual citizens are not specifically excluded from occupying either sensitive or designated IT positions, however, a dual citizenship status raises foreign influence and foreign preference concerns that will most likely prohibit interim assignment pending favorable investigation and adjudication of these issues. Eligibility will not be established for persons who hold a foreign passport. The U.S. citizen reference in the aforementioned regulation(s) make no distinction between those who are U.S. citizens by birth, those who are U.S. nationals, and those who have derived U.S. citizenship or those who acquired it through naturalization. Additional information on U.S. citizenship requirements is contained within SECNAV Manual M-5110.30 and SECNAV Instruction 5510.30. MTF security personnel must validate citizenship of individuals before submitting initial personnel security investigation requests.

The Commanding Officer of the MTF, or designee, shall decide if an individual waiver request will be submitted to the CNO. The mutual understanding of the parties is that waiver requests are rarely, if ever, granted, and further that delays in the processing of, or the failure of the Navy to act favorably on, such a request does not excuse the contractor from performance under this contract.

The policy of the Department of the Navy (including the Marine Corps) is to deter and detect drug offenses on military installations. Measures to be taken to identify drug offenses on military installations, and to prevent introduction of illegal drugs and paraphernalia, include routine random inspection of vehicles while entering or leaving with drug detection dogs when available, and random inspection of personal possessions on entry or exit if there is probable cause to believe that a health care worker has been engaged in use, possession, or trafficking of drugs, the health care worker may be detained for a limited period of time until he or she can be removed from the installation or turned over to local law enforcement personnel having jurisdiction. (A) This authority may be used to acquire—

- (1) Direct health care services provided in medical treatment facilities;
- (2) Health care services at locations outside of medical treatment facilities (such as the provision of medical screening examinations at military entrance processing stations); and
- (3) Services of clinical counselors, family advocacy program staff, and victim's services representatives to members of the Armed Forces and covered beneficiaries who require such services, provided in medical treatment facilities or elsewhere. Persons with whom a personal services contract may be entered into under this authority

include clinical social workers, psychologists, psychiatrists, and other comparable professionals who have advanced degrees in counseling or related academic disciplines and who meet all requirements for State licensure and board certification requirements, if any, within their fields of specialization.

(B) Sources for personal services contracts with individuals under the authority of 10 U.S.C. 1091 shall be selected through the procedures in this section. These procedures do not apply to contracts awarded to business entities other than individuals. Selections made using the procedures in this section are exempt by statute from FAR Part 6 competition requirements (see 206.001(b)).

(C) Approval requirements for—

(1) Direct health care personal services contracts (see paragraphs (b)(ii)(A)(1) and (2) of this section) and a pay cap are in DoDI 6025.5, Personal Services Contracts for Health Care Providers.

(i) A request to enter into a personal services contract for direct health care services must be approved by the commander of the medical/dental treatment facility where the services will be performed.

(ii) A request to enter into a personal services contract for a location outside of a medical treatment facility must be approved by the chief of the medical facility who is responsible for the area in which the services will be performed.

(2) Services of clinical counselors, family advocacy program staff, and victim's services representatives (see paragraph (b)(ii)(A)(3) of this section), shall be in accordance with agency procedures.

Acquisitions under this section for personal service contracts are exempt from the posting and synopsis requirements of FAR Part 5.

(F) The contracting officer shall provide the qualifications of individuals responding to the notice to the commander of the facility for evaluation and ranking in accordance with agency procedures. Individuals must be considered solely on the basis of the professional qualifications established for the particular personal services being acquired and the Government's estimate of reasonable rates, fees, or other costs. The commander of the facility shall provide the contracting officer with rationale for the ranking of individuals, consistent with the required qualifications.

(G) Upon receipt from the facility of the ranked listing of applicants, the contracting officer shall either—

(2) Enter into negotiations with all qualified applicants and select on the basis of qualifications and rates, fees, or other costs.

(H) In the event only one individual responds to an advertised requirement, the contracting officer is authorized to negotiate the contract award. In this case, the individual must still meet the minimum qualifications of the requirement and the contracting officer must be able to make a determination that the price is fair and reasonable.

(I) If a fair and reasonable price cannot be obtained from a qualified individual, the requirement should be canceled and acquired using procedures other than those set forth in this section.
