From: Commanding Officer, Navy and Marine Corps Public Health Center

Subj: SAFETY POLICY STATEMENT

1. As Commanding Officer of the Navy and Marine Corps Public Health Center, I am committed to providing a safe and healthy work environment for our staff.
2. As a team, we will foster a culture of safety based on Operational Risk Management principles and through understanding and maintaining the standards set forth in the Navy Safety and Occupational Health Program Manual (OPNAVINST 5100.23 series).
3. Our success depends on everyone's commitment to achieving the highest level of safety, not only in their immediate workspace, but throughout the entire command. This includes completing required training, recommending and implementing workplace improvements, aggressively enforcing safety standards, reporting unsafe and unhealthy working conditions without fear of reprisal, and investigating all work place injuries and illnesses.
4. Through your support, awareness, and dedication, the Navy and Marine Public Health Center will serve as the example for workplace safety.
