

Notice (012) Expansion of Central Immunizations Clinic Services June 24, 2020

The Central Immunizations Clinic is pleased to announce that starting July 1st, eligible beneficiaries age 12 years and older have an additional option for vaccination services.

Expanding the patient population we serve is a victory for access and convenience. Beneficiaries are also welcome to continue receiving immunizations at their present clinic.

The Central Immunizations Clinic is located in Building 2, 1st floor, next to Occupational Health. Vaccination service hours are 0800-1500, Monday-Friday (closed weekends and federal holidays). For more information, please visit us or call (619) 532-7810.
