Extended Care Health Option

Providing services for active duty family members with special needs

The TRICARE® Extended Care Health Option (ECHO) provides supplemental services to active duty family members (ADFM) with qualifying mental or physical disabilities. ECHO offers integrated services and supplies beyond those offered by the basic TRICARE health benefits program.

Active duty sponsors with family members seeking ECHO services must enroll in their service’s Exceptional Family Member Program (EFMP) (unless waived in specific situations) and register for ECHO with their regional contractors or TRICARE Area Office (TAO) director overseas to be eligible for ECHO benefits. There is no retroactive registration for the ECHO program. Prior authorization must be obtained from the regional contractor or TAO director overseas for all ECHO services. For more information about EFMP, contact your service branch’s EFMP representative or visit http://www.militaryonesource.mil/efmp.

ECHO ELIGIBILITY

ECHO benefits are available to the following ADFMs with a qualifying condition:

• TRICARE-eligible ADFMs including family members of National Guard and Reserve members called or ordered to active service for more than 30 consecutive days
• Family members who are eligible for continued TRICARE medical benefits through the Transitional Assistance Management Program
• Children or spouses of former service members who were victims of physical or emotional abuse
• Family members of a deceased active duty sponsor (during the period they are in transitional survivor status)

Conditions to qualify for ECHO coverage may include, but are not limited to:

• Autism spectrum disorder
• Moderate or severe mental retardation
• Serious physical disability
• Extraordinary physical or psychological condition of such complexity that the beneficiary is homebound
• Diagnosis of a neuromuscular developmental condition or other condition in an infant or toddler (under age 3) that is expected to precede a diagnosis of moderate or severe mental retardation or a serious physical disability
• Multiple disabilities, which may qualify if there are two or more disabilities affecting separate body systems

Children may remain eligible for ECHO benefits beyond the usual TRICARE eligibility age limit (age 21 or age 23 if enrolled in a full-time course of study at an approved institution of higher learning and if the sponsor provides over 50 percent of the financial support) provided all of the following are true:

• The sponsor remains on active duty
• The child is incapable of self-support because of a mental or physical incapacity that occurs prior to the loss of eligibility
• The sponsor is responsible for over 50 percent of the child’s financial support

This fact sheet is not all-inclusive. For additional information, please visit www.tricare.mil.

Autism Care Demonstration

The TRICARE Comprehensive Autism Care Demonstration (Autism Care Demo) covers applied behavior analysis (ABA) for all TRICARE beneficiaries diagnosed with autism spectrum disorder (ASD).

- The demonstration started on July 25, 2014.
- It will end on December 31, 2018.

How it Works

Getting care through the demo is a three step process:

1. Get Diagnosed
2. Get a Referral and Authorization
3. Schedule an Appointment

>>Learn More about Getting Care

Is your sponsor on active duty?

To qualify for the Autism Care Demo, you must register in the Extended Care Health Option (ECHO). You only pay the ECHO monthly fee for ECHO services other than ABA.
